child of the 1890s could resist these offerings of the Montgomery Ward catalogue the one book that was read avidly year
after year by millions of Americans on farms and in small towns across the nation The Montgomery Ward catalogue provides
one of the few irrefutably accurate pictures of what life was really like in the gay nineties for it described and illustrated
almost anything that anybody could possibly need or want in the way of store bought goods In fact in that pre department
store era it was usually the only source for such goods Imagine if Montgomery Ward had issued an illustrated catalogue in
the days of Louis XIV or Elizabeth I or Charlemagne what insights would we have into the daily life of the common folk the
farmers and shopkeeper housewives and schoolchildren what sources of information for historians and scholars collectors
and dealers what models for artists and designers In 1895 Montgomery Ward was the oldest largest and most representative
mail order house in the country The brainchild of a former traveling salesman it issued its first catalogue in 1872 a one page
listing of items By 1895 the catalogue reprinted here had grown to 624 pages and listed some 25 000 items almost all of
them illustrated with live drawings Montgomery Ward was by then a multi million dollar business that profoundly affected
the American economy and since it reached the most isolated farms and backwoods cabins its effect on American culture was
almost as great Now once again available it is our truest most unbiased record of the spirit of the 1890s An introduction on
