A Message to My Family Stuart J Cole, 2011-06-16 February 2011 A young man in Tunisia so wanted change that he took his own life to find it I am witnessing the collective few become and overcome the collective many and a changing tide of humanity is sweeping across a region that will affect not only them but the rest of the world How I have my theories but let the future answer that and then let history question it My story is also of change I wanted to change the person I had become a tormented alcoholic and drug addict and a lot of what that kind of life style brings After a phone call to my father my story continues on from my last book Two Years from the last few months in prison to coming home exploring and putting into practice all of those thoughts and insights I was having about life the universe and how to live it and get fulfilment from it And at the same time become a better father and partner which in turn has lead to a more peaceful existence away from a lot of turmoil and stress and completely rid me of the demons that had troubled me for a life time This has lead to a platform of contentment a budding sense of inner peace from where I can progress even further The story is about how I initially created this new life through choices I had made with the help of the unknown to some and unexplored forces around us All has gone very well to date so what more could I possibly give to my future generations than the key to how it all became so the way of life in *A Message to my Family*
