Drug Abuse Prevention With Multiethnic Youth:

Drug Abuse Prevention with Multiethnic Youth Gilbert J. Botvin, Steven P. Schinke, Mario A. Orlandi, 1995-08-12 What is known about the influence of ethnicity upon drug use How can this knowledge be used to develop prevention programmes for multi ethnic youth Contributors to this invaluable book address these and other pressing questions They consider specific problems and challenges confronting researchers involved in studying substance abuse in minority communities explore explanations for racial and ethnic differences in drug use and examine possible risk and protective factors which influence use Current drug abuse prevention models in settings including schools communities and homeless shelters are also presented

Handbook of Drug Abuse Prevention Zili Sloboda, William J. Bukoski, 2007-08-06 There are a number of reasons why this book is important First there is no one source that summarizes what we know about the prevention of substance abuse from the research field so the book serves as a repository of accumulated knowledge on prevention theory intervention design and development and prevention research methodology Second as an evolving field prevention science has only begun to assert itself in both the arenas of practice and policy The formation of the Society for Prevention Research in 1991 was the first recognition that a science of prevention existed and required a separate forum to present the rapidly growing content of the field for discussion and review Finally there is a need to establish a baseline a reference point against which progress in the field of prevention science can be assessed This book serves all of these purposes The idea for this book grew from the observation in the early 1990s that after decades of attempts to develop effective interventions to prevent drug use among children and adolescents in the United States that we were finally having success particularly in addressing the initiation of use These successes are the result of research that has provided a better understanding of the factors and processes associated with the onset of substance use

National Conference on Drug Abuse Prevention Research, 1996 Susan L. David, 2000-07 Proceedings of a conference sponsored by the Nat Institutes of Health in Wash DC Sep 19 20 1996 Research and community practitioners worked together to review the research on drug abuse prevention explored its ramifications for individuals families and communities and developed recommendations for future collaborations and applications of this knowledge in settings across the country Keynote addresses were given by Donna E Shalala Ph D Sec of Health and Human Services and Gen Barry Barry R McCaffrey Dir of the Office of National Drug Control Policy Includes a list of conference speakers and panel and work group participants

Preventing Childhood Disorders, Substance Abuse, and Delinquency Ray DeV Peters, Robert J. McMahon, 1996-06-18 Outcome studies have shown that treatment does not work if administered too late Preventing Childhood Disorders Substance Abuse and Delinquency presents the newest research on the effectiveness of prevention and early intervention programs with children from birth to adolescence The contributors to this volume examine the theory and practice of leading programs designed to prevent social and behavioral problems including violence

and substance abuse in children and adolescents The innovative programs analyzed here focus on social skills training for children with conduct disorders anger coping group work for aggressive children parent training programs life skills training for substance abuse prevention and programs for high risk youth and rural populations All designed to intervene before the onset of disorders or to deal effectively with problems when they first appear many of the programs also emphasize strengthening family school and community involvement for successful risk reduction Clinical psychologists and human services professionals who work with children and youths will find Preventing Childhood Disorders Substance Abuse and Delinquency illuminating This book also will be of interest to policy makers who are looking for more effective and efficient interventions to child and adolescent problems
