Handbook of Drug Abuse Prevention Zili Sloboda,William J. Bukoski,2007-08-06 There are a number of reasons why this book is important First there is no one source that summarizes what we know about the prevention of substance abuse from the research field so the book serves as a repository of accumulated knowledge on prevention theory intervention design and development and prevention research methodology Second as an evolving field prevention science has only begun to assert itself in both the arenas of practice and policy The formation of the Society for Prevention Research in 1991 was the first recognition that a science of prevention

existed and required a separate forum to present the rapidly growing content of the field for discussion and review. Finally, there is a need to establish a baseline, a reference point against which progress in the field of prevention science can be assessed. This book serves all of these purposes. The idea for this book grew from the observation in the early 1990s that after decades of attempts to develop effective interventions to prevent drug use among children and adolescents in the United States, that we were finally having success, particularly in addressing the initiation of use. These successes are the result of research that has provided a better understanding of the factors and processes associated with the onset of substance use.

Handbook on Drug Abuse, 1979 **The Substance Abuse Handbook** Pedro Ruiz, Eric C. Strain, John Langrod, 2007. The Substance Abuse Handbook succinctly presents the most clinically relevant information from Lowinson, Ruiz, Millman, and Langrod's Substance Abuse: A Comprehensive Textbook, Fourth Edition. In a user-friendly format, this portable handbook provides all the information health care professionals need to diagnose and treat addictive disorders and associated medical conditions. Major sections cover etiological factors, substances of abuse, compulsive and addictive behaviors, evaluation and diagnostic classification, treatment modalities, management of associated medical conditions, substance abuse in children, adolescents, and the elderly, women's issues, special groups and settings, models of prevention, training and education, and policy issues. *The Primary Physician's Guide to Drug Abuse Treatment*, 1982 **Alcohol and Drug Abuse Curriculum Guide for Pediatrics Faculty** Doris H. Milman, 1985 *Guide to the Drug Research Literature* Gregory A. Austin, Mary A. Macari, Dan J. Lettieri, 1979 *Guide to Drug Abuse Research Terminology*, 1982. Generic listing and definitions of drugs subject to abuse. Sources were drug research literature and dictionaries. Entries vary in length. Each entry gives term or phrase, explanatory definition, related terms, slang terms, cross references, and classification according to pharmacological and psychological action. Appendixes of classification, slang terms, trade names, and acronyms. **Alcohol and Drug Abuse Handbook** Roland E. Herrington, George R. Jacobson, David G. Benzer, 1987 **Alcohol and Drug Abuse Curriculum Guide for Pharmacology Faculty** John P. Morgan, 1985 **Alcohol and Drug Abuse Problems: Oxford Bibliographies Online Research Guide** Oxford University Press, 2010-05-01. This ebook is a selective guide designed to help scholars and students of social work find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear, from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated. A reader will discover, for instance, the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic. In social work, as in other disciplines, researchers at all levels are drowning in potentially useful scholarly information, and this guide has been created as a tool for cutting through that material to find the exact source you need. This ebook is a static version of an article from Oxford.

Bibliographies Online Social Work a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of social work Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.aboutobo.com

Combining Forces Against Drug Abuse, 1980 **Alcohol and drug abuse in medical education**, 1980 *A Guide to Alcohol and Drug Dependence* J. S. Madden, 2013-10-22 A Guide to Alcohol and Drug Dependence Second Edition provides information on the recognition of alcohol misuse on alcohol dependence among the elderly and on outpatient withdrawal from opioids This book emphasizes the detection and early treatment of alcohol misuse the detoxification of drug users followed by drug free counseling and preventive measures Organized into nine chapters this edition begins with an overview of the various types of dependence producing drugs including morphine cocaine cannabis alcohol barbiturate amphetamine hallucinogen and inhalants and volatile solvents This text then explains the depressant actions of alcohol on the central nervous system that affects first the higher cerebral functions responsible for concern about personal behavior and for self restraint Other chapters consider the physical disabilities that heavy drinkers are prone to develop The final chapter deals with the preventive measures directed against the problems presented by drugs and alcohol This book is a valuable resource for social workers nurses occupational therapists and clinical psychologists Drug Use Richard Isralowitz, 2004-05-14 A balanced and straightforward survey of the key issues facts and controversies surrounding the use and abuse of harmful drugs in the United States and abroad Drug Use A Reference Handbook presents a vast collection of facts and information about the major issues that drive the world's never ending drug problem An examination of five substances tobacco alcohol cannabis heroin and cocaine presents eye opening facts about their relationship to politics policies big business and war Historical overviews and descriptions of the makeup and effects of each drug such as the derivation of heroin from the opium poppy segue into an analysis of the risk factors patterns and controversies regarding their use Biographies profile key players related to the substance use problem and reports on drug use in the United States and selected countries are viewed from a worldwide perspective offering a thought provoking exploration of drug use its problems and policies **Adolescent Drug and Alcohol Abuse Handbook** Deborah L. Sherouse, 1985
