Drug Industry A Case Study In Foreign Control:

The Drug Industry Myron J. Gordon, David John Fowler, Canadian Institute for Economic Policy, 1981 **Offshore Oil** Roger Voyer, 1983-01-01 First published in 1983 Offshore Oil is an early and prescient analysis of the prospects for oil and gas development off Canada's east coast The book examines the potential of offshore oil to provide growth in Canadian industries As development proceeds huge sums will be invested and oil companies needs include platforms drilling rigs ships plants and a host of smaller items such as drills pumps transformers and electronic equipment This presents opportunities not only for traditional industries such as steel and shipbuilding but also for the high technology sector Offshore oil holds the prospect of energy self sufficiency for Canada and of better times for the depressed Atlantic economy But development of gas could also bring a boom and bust that damages the region's social and economic fabric This book considers both possibilities

The New Practical Guide to Canadian Political Economy Daniel Drache, Wallace Clement, 1985-01-01 The New Practical Guide to Canadian Political Economy is a handy reference to the vast range of research and writing that political economists in Canada have completed to the date of publication The book is divided into twenty five subject bibliographies each one compiled and introduced by an expert in the field The overall range of subjects includes economic development in Canada Canada's external economic relations regional disparities and regional development social and economic classes women Native peoples politics and the Canadian state nationalism culture and political thought The book is indexed by author and includes a helpful shortlist of the staples in Canadian political economy Published in 1985 The New Practical Guide to Canadian Political Economy remains a useful reference to some of the classic literature of the discipline **Competitive problems in the drug industry** United States. Congress. Senate. Select Committee on Small Business. Subcommittee on Monopoly and Anticompetitive Activities, United States. Congress. Senate. Select Committee on Small Business. Subcommittee on Monopoly, 1970

Industrial Development and the Atlantic Fishery Patton, Donald, 1981 From the back cover In this book Donald Patton identifies key opportunities for Canadian firms and provides estimates of potential markets for shipbuilders electronics firms and manufacturers of hardware winches fish processing equipment and nets Examples are cited of successful Canadian firms already moving into these markets Equally important for the future is manpower training to qualify residents of the region for the skilled jobs created in the fishery This book reviews the training programs now operating in the four Atlantic provinces and offers specific proposals for strengthening this activity **Negotiating NAFTA** Maryse Robert, 2000-01-01 Using case studies in four areas negotiated in the North American Free Trade Agreement Robert uses a theoretical framework to help explain the outcome of such negotiations in terms of structure and process

Handbook of Global Technology Policy Stuart Nagel, 2000-09-28 The Handbook of Global Technology Policy presents and compares nonideological resolutions to environmental pollution and toxic waste urbanization and transportation homelessness health care policies around the world It provides an evaluation of industrial interventions and energy sources

explores flow control and corporate growth privatization and liberalization health data networks and electronic innovation and governance Other topics include pharmaceutical policies the state of science and technology in Africa the reemergence of tuberculosis wind energy technology development and diffusion in Inner Mongolia and major problems of policy implementation in India

The New Protectionism Fred Lazar,1981-01-01 Written in the early 1980s against a backdrop of strengthening calls for a North American free trade agreement this study examines the protectionist impulses masquerading as efforts to eliminate tariff barriers In the wake of the General Agreement on Tariffs and Trade the GATT the popular assumption hailed it as a victory for freer trade Lazar demonstrates that the trend was in fact towards a new protectionism based on the erection of non tariff barriers specifically designed to subvert the GATT In response he called for a Canadian industrial strategy that promoted Canadian companies and encouraged exports The New Protectionism is a subtle analysis of the rhetoric and reality of free trade as practised in the early 1980s

Routledge Library Editions: Multinationals Various Authors,2022-07-30 The volumes in this set originally published between 1955 and 1993 draw together research by leading academics in the area of multinationals and provides a rigorous examination of related key issues The volumes examine foreign investment and currency translation environmental control issues and the impact of multinationals on the British economy This set will be of particular interest to students of business studies

Marketing Canada's Energy Ian McDougall,1983-01-01 Written in the early 1980s author I A McDougall shows that as an import dependent country Canada was ill prepared for possible disruptions in its oil supply McDougall envisioned a future in which superpower rivalry over dwindling world reserves coupled with rationing of supply by OPEC members and volatility in the Persian Gulf would make Canada s dependence on foreign oil increasingly precarious He asserted that the contemporary Liberal government s National Energy Program was a usefull first step in promotion an independent energy strategy

Marketing Canada s Energy is a passionate addition to the lively debate over Canada s independence during the 1980s

Rebuilding From Within Rotstein, Abraham,1984-01-01 In this study written in 1984 the author discusses problems and weaknesses in Canada s economy and offers solutions for improving in the future Skeptical of the benefits of free trade proposals and deeply critical of the effects of monetarism the author proposes an alternative vision of the nation s development Rotstein outlines the sorts of industrial policies that Canada must have in a balanced portfolio to better exploit the domestic market and survive in a changing global marketplace Rebuilding from Within is a clear headed response to the economic upheavals experienced in Canada in the early 1980s

The Future of Grain Michele Veeman,Terry Veeman,1984-01-01 Written in the early 1980s The Future of Grain examines Canada s growing grain exports and the outlook for the industry s future The authors examine the prospects such an increase holds for the largely static Canadian industries connected to grain manufacturers of agricultural machinery pesticides and fertilizers processing industries such as feed and flour milling canola crushing and barley malting And they suggest improvements to every aspect of government

involvement from measures to conserve Prairie soil to macroeconomic policy that affects this important sector *The Future of Grain* offers a valuable analysis of this important agricultural sector at a vital time in its history **International Narcotics Control Strategy Report** , **Canada's Video Revolution** Peter Lyman, Canadian Institute for Economic Policy, 1983

From the back cover While Canadians have been leaders in many aspects of communications technology the content has been mainly foreign So too have the applications of new technology typically been property of alliances of corporations in the U S Europe and Japan As the pace of the globalization of culture quickens Canada's broadcasting recording film and publishing industries will face formidable challenges Communications analyst Peter Lyman describes the impact of the new technologies on Canadian cultural industries and proposes strategies he feels must be accepted to make these industries viable in an ever changing marketplace *US Foreign Policy and the War on Drugs* Cornelius Friesendorf, 2007-02-22 This book examines the geographic displacement of the illicit drug industry as a side effect of United States foreign policy To reduce the supply of cocaine and heroin from abroad the US has relied on coercion against farmers traffickers and governments but this has only exacerbated the world's drugs problems *US Foreign Policy and the War on Drugs* develops and applies a causal mechanism to explain the displacement analyzing US anti drug initiatives at different times and in various regions The findings clearly show that American foreign policy has been a major driving force behind the global spread of the illicit drug industry calling for urgent revision This book will be of interest to students of US foreign policy security studies and international relations in general **Planning and the Economy** Hugh Thorburn, 1984-01-01 Since World War II the way economic policy has been formed both in Canada and abroad has changed radically This book shows that the course taken in Canada has much to do with the crisis in the Canadian economy in the post war period Thorburn examines the response of other Western nations to the changing economic order of the postwar world and then turns to an analysis of Canadian economic policy making at the federal level and in all ten provinces Thorburn points to the need for a central planning agency to correct the drift in Canada's economic policy First published in 1984 *Planning and the Economy* is a strongly argued entry into the vital debates over Canadian political and economic policy in the early 1980s **The World Economy in Crisis** Lorie Tarshis, 1984-01-01 Lorie Tarshis held that much of the economic suffering in the 1970s was not necessary that the crisis could have been easily eased had it not been for governments faulty diagnoses and poorly designed prescriptions Faced with increasingly serious energy shortages economic slowdowns rising unemployment and skyrocketing Third World debt Western governments responded with inflation fighting policies left over from the Second World War that served only to exacerbate the situation In this book Tarshis recommended an overall strategy to confront these problems without resorting to the stopgaps then in vogue with government decision makers *World Economy in Crisis* offers an acute diagnosis of the pervasive malaise facing the world economy in the 1970s and a critical perspective on contemporary official responses to it *Cybercrime, Organized Crime, and Societal Responses* Emilio C. Viano, 2016-12-10 This timely book

provides contributions on international comparative crime phenomena gangs trafficking fear of crime and crime prevention It highlights contributions originally prepared for the XVII World Congress of Criminology and for the 2015 Cybercrime Conference in Oati Spain which have been selected reviewed and adapted for inclusion in this volume The work features international contributors sharing the latest research and approaches from a variety of global regions The first part examines the impact of gangs on criminal activities and violence The second part explores illegal trafficking of people drugs and other illicit goods as a global phenomenon aided by the ease of international travel funds transfer and communication Finally international approaches to crime detection prevention are presented The work provides case studies and fieldwork that will be relevant across a variety of disciplines and a rich resource for future research This work is relevant for researchers in criminology and criminal justice as well as related fields such as international and comparative law public policy and public health

jan 7 2022 the design of a low profile high gain substrate integrated waveguide siw cavity backed slot antenna operating in the frequency band of 8.08-8.33 ghz is achieved by using the mtm in the superstrate the peak realized gain of the proposed antenna is 8.22 dbi which is 96.5% of the maximum attainable gain obtained from the harrington limit

chalmers publication library - Nov 11 2022

abstract a wideband 2.2 slot element for a 60 ghz antenna array is designed by making use of two double sided printed circuit boards pcbs the upper pcb contains the four radiating cavity backed slots where the cavity is formed in substrate integrated waveguide siw using metalized via holes

low profile hexagonal siw cavity slot antenna with enhanced gain - Jan 13 2023

apr 3 2020 a novel low profile substrate integrated waveguide siw cavity backed slot antenna with an enhanced gain is proposed by etching four parallel transverse slots at the edges of the hexagonal siw cavi

development of a wideband hexagonal siw cavity backed slot antenna - Aug 20 2023

sep 1 2021 in this paper a novel wideband hexagonal cavity backed slot antenna array waveguide siw is proposed first a single element low profile wideband linearly polarized cavity backed antenna using two slots is designed and analyzed the antenna bandwidth is increased by nrws which makes both hybrid modes of tm input impedance keywords

a high performance siw slot antenna array for mmwave radar - May 17 2023

jul 24 2023 the feed network of the antenna is composed of an air filled rectangular waveguide rwg to substrate integrated waveguide siw transition and a power division feed network finally the array element and the feed network are combined to form an 8 times 16 slot array the overall simulation design is carried out in hfss
