Drugs And Pastoral Care

Drugs And Pastoral Care:

Drugs and Pastoral Care Kenneth Leech, 1998 Written by a leading figure in the Church's response to the drug scene this book begins by examining the pharmacology of drug use. It then moves on to look at social and cultural aspects of drug use and at the role the Christian community can play. **Addiction and Pastoral Care** Nicolas Roberts, 2018 Addiction can take many forms and there can hardly be a minister or a prison college or schools chaplain who will not have encountered its damaging effects on individuals, their families and local communities. In the UK in 2014 there were 3,300 drug-related deaths and almost 9,000 alcohol-related deaths. 70% of offenders admit to a drug problem before prison and drug use is a major problem throughout the prison system. Besides these compulsive behaviours of all kinds, damage to personal and communal wellbeing. Clergy and pastoral workers are often in the front line caring for addicts and their families, usually without any professional training. This handbook from an experienced pastoral practitioner offers an exploration of the psychology of addiction, a theological perspective on desire, the nature of pastoral care with addicts, practical models of pastoral care, resources for professional care. **The Concise Dictionary of Pastoral Care and Counseling** Glenn H. Asquith, 2010 Surveys the essentials of pastoral care and counseling. **Hidden Addictions** Bridget Clare McKeever, 1998 In *Hidden Addictions: A Pastoral Response to the Abuse of Legal Drugs* you will find that beneath the gruesome, more public face of illegal drug abuse lies another, less hideous but just as destructive layer of addiction: the addiction to prescribed drugs. In this revealing study you will learn how you can confront the hidden malady of legal drug dependency in individuals and ultimately break its chokehold on a world already ravaged by complacency and social systemic dysfunction. The only book of its kind, *Hidden Addictions* is a concise, readable pastoral perspective on the creeping epidemic of legal drug abuse. Its illuminating case vignettes show you the social roots of addiction and give you the spiritual and religious resources necessary to put you and your loved ones on the road to holistic recovery. Specifically, you will read about groups most at risk: girls, young women and older women; types of drugs including tranquilizers, sedatives, antidepressants and painkillers; over-the-counter drugs and look-alike drugs; women and the pharmaceutical industry; recovery methods including detoxification, family therapy and couple counseling; spiritual resources and systemic reform. In a society already addicted to power, pleasure and possession, you don't always see the warning buttons being pushed. But this book shows that you can turn back the quiet tide of spiritual sickness and psychochemical dependency that's sweeping the globe. So whether you're a pastor whose congregation is suffering, a social worker administering to addicted clientele or a campus minister, *Hidden Addictions* will give you the pragmatism and awareness you need to heal the wounded soul. **Basic Types of Pastoral Care & Counseling** Howard Clinebell, 2011-08-01 *Basic Types of Pastoral Care and Counseling* remains the standard in pastoral care and counseling. This third edition is enlarged and revised with updated resources, methods, exercises and illustrations from actual counseling sessions. This book will help readers be sensitive to cultural diversity, ethical issues and power dynamics as they practice.
