Thi Nguyen,2020 Games are a unique art form They do not just tell stories nor are they simply conceptual art They are the art form that works in the medium of agency Game designers tell us who to be in games and what to care about they designate the player s in game abilities and motivations In other words designers create alternate agencies and players submerge themselves in those agencies Games let us explore alternate forms of agency The fact that we play games demonstrates something remarkable about the nature of our own agency we are capable of incredible fluidity with our own motivations and rationality This volume presents a new theory of games which insists on

games unique value in human life C Thi Nguyen argues that games are an integral part of how we become mature free people Bridging aesthetics and practical reasoning he gives an account of the special motivational structure involved in playing games We can pursue goals not for their own value but for the sake of the struggle Playing games involves a motivational inversion from normal life and the fact that we can engage in this motivational inversion lets us use games to experience forms of agency we might never have developed on our own Games then are a special medium for communication They are the technology that allows us to write down and transmit forms of agency Thus the body of games forms a library of agency which we can use to help develop our freedom and autonomy Nguyen also presents a new theory of the aesthetics of games Games sculpt our practical activities allowing us to experience the beauty of our own actions and reasoning They are unlike traditional artworks in that they are designed to sculpt activities and to promote their players aesthetic appreciation of their own activity

I: A. M. Message Cards Presents: Micheal B.,2008-09-04 I remember the reason I started this biz it was about a beautiful friend named Anne Marie She lived most of her life in suffering Try as she may she could not find peace Until the moment came she brought me in so that I could see something that was meant only for me I stood and I watched as she was released hovering about with no pain for she was finally at peace She looked to me she wanted to go back but then she realized Im free free at last She showed me a few more unique things to confirm that this was no ordinary dream So to her I write this intro and to let others know no longer do they have to live in suffering no longer does death have to loom over them As I stood there watchingsaying goodbye yet not to that of the unseen I had no fear I had no grief because I knewI knew she was finally at peace Please read on to the tales that have been interwoven into my life as it has unfolded There is much truth to each tale many of which have come from voices that guided me to hear of their tales and to write of their truths When the final ticket is called where would we goif not back home This book goes out to my beautiful friend who planted the seed so many years ago though forgotten for a time until just a few
