

Dreams & Dust

Short-lived Republics
of South Africa
Past, Present and Imagined

Alex Stone

About the Author:

Alex Stone is an artist, inventor, poet, sailor, sculptor and writer based on Te Motu Ara-i-roa Waiheke Island, 12 nautical miles into the morning sun from Tāmaki Makaurau Auckland in Aotearoa New Zealand.

He has lived exactly half his life in South Africa and in Aotearoa New Zealand. His first language is isiBhaca, his sixth language is te reo Māori.

Early Reviews:

"It is finely wrought, impressively researched, and solidly written."

David Robbins,
author of *After the Dance*

"I've just finished reading your wonderful work...It was quite an adventurous, and perilous, trek, I must say."

Dr Steven Roger Fischer FRS, author of *The History of Writing*, *Glyph-breaker*, *The Island at the End of the World*, etc

DREAMS & DUST is a unique book and an important contribution to the evolving new historiography of South Africa. It is an overview of the 58 (mostly) short-lived republics that have existed in South Africa since 1795 – and an equally-fascinating 20 fictional ones (Bapetikosweti, Fook, Wakanda etc).

This comprehensive, meticulously-researched book stretches to 611 pages, and includes 85 seldom-seen historical maps and many extraordinary images. It is a must for any bookshelf for people interested in the uncovered aspects of South Africa's rich and tumultuous past – while the section of the fictional states and the concluding chapters take on an aspirational, forward-looking view.

The Author, Alex Stone will be touring South Africa in August 2023. Launch events below:

Dreams in French Literature Tom Conner, 2023-10-16 The nine essays in this volume deal with several well known French authors through the ages for example Descartes Voltaire Mme de Sta l Nerval Verlaine and explore the problematic relationship between dreams and literature Generally speaking contributors are interested in the production of literary meaning How does various dream material ranging from the traditional dream to visions and hallucinations and day dreams come to be And how is the dream image transformed into discourse What exactly is the relationship between dream and narrative Each essay focuses on a different author and different period ranging from the Middle Ages to the late nineteenth century but also takes a unique critical and theoretical approach What the contributors have in common though is an analytical sensemaking strategy that characterizes the interpretation of dreams through the ages from ancients such as Artemidorus and Cicero to modern thinkers such as Freud Most of the texts studied here from the

Chanson de Roland to Chateaubriand's Mémoires d'outre tombe lend themselves to this type of approach because they promote narrative unity. So too do Voltaire, Mme de Staël, Nerval and Verlaine. Many if not most texts however in the end turn out to be not quite so tightly knit as one may have supposed at first and in the case of Agrippa d'Aubigné and Descartes the reader is in for several surprises when the normal course of events leading from dream to text from signifier to signified is interrupted and subverted.

The Key to Dream Analysis Ray Douglas, 2009-07 This book presents the subject of dream analysis from a previously unknown perspective from the point of view of the inner feelings also known as the higher emotional centre. It describes every known type of dream and every piece of information that may be useful in understanding them. Familiar dream symbols too are analysed in depth and the whole dreaming process is explained with clarity.
