religion or politics as the saying goes if you want to keep the peace But it s clear that old adage hasn t really been too effective Prejudice discrimination intolerance and wars all in the name of God have been an integral part of the human condition for at least as long as that condition has been recorded But the price on these addictions is getting pretty steep It could be the time has come when we will have to give them up I don t expect we ll all quit cold turkey but maybe some honest open sit down heart to hearts might help to see us through Maybe not but if you think there s half a chance then I say Let s start the conversation

and his love Daniela to immigrate to New York I dont want to tell readers anything else about the dreams or how they took over the novel and my life as I flew from JFK to Galway to dream the story on location I have known for a long time that the inner senses control our outer physical life Not the other way around We are taught that what happens during our awake days may become dreams Wrong Our dreams come first and regulate our physical days Many years ago I read a few of Jane Roberts Seth books Now in the midst of Swan Song his ideas flowered again Thus the autobiography fiction and research novel took on a whole new life and my inside story truly became The Great Magical Unknowing Elegance
