Tang China and the Collapse of the Uighur Empire Michael Drompp, 2021-11-29 The extant writings of the late Tang chief minister Li Deyu form the basis for Michael Drompp's reconstruction of the Tang dynasty's response to a threatening event viz the collapse of the Uighur steppe empire in 840 C E and the subsequent fleeing of large numbers of Uighur refugees to China's northern frontier Through a translation of seventy relevant documents the author analyzes the rhetoric of the crisis as well as its aftermath The extant writings of Li Deyu uniquely allow an in depth look into Chinese Inner Asian relations very unusual for such an early period This volume permits us a close look at the workings of the late Tang government particularly in terms of policy formation and implementation as well as the rhetoric surrounding such activities
