Drinkers Drivers And Bartenders Balancing Private Choices And Public Accountability:

Drinkers, Drivers, and Bartenders ,2000 **Drinkers, Drivers, and Bartenders** Frank A. Sloan,2000-06-27

According to the United States Public Health Service over 100 000 deaths a year are attributable to alcohol including 20 000 highway fatalities In response legislatures have enacted various forms of regulation intended both to reduce alcohol consumption and to curb its harmful effects This groundbreaking study focuses on one such form of regulation the liability imposed on alcohol servers and social hosts by tort law Basing their analysis on important new data from their extensive research and in depth interviews with actors on all sides of the issue the authors conclude that despite their relative unpopularity tort laws are very effective in reducing accidents even more than criminal sanctions Extraordinary in scope and exacting in detail **Drinkers Drivers and Bartenders Balancing Private Choices and Public Accountability** links alcohol problems deterrence and serving practices in a way no other work has been able to do and is certain to become a crucial reference point for researchers and policymakers alike

Reducing Underage Drinking Institute of Medicine,National Research Council,Division of Behavioral and Social Sciences and Education,Board on Children, Youth, and Families,Committee on Developing a Strategy to Reduce and Prevent Underage Drinking,2004-03-26 Alcohol use by young people is extremely dangerous both to themselves and society at large Underage alcohol use is associated with traffic fatalities violence unsafe sex suicide educational failure and other problem behaviors that diminish the prospects of future success as well as health risks and the earlier teens start drinking the greater the danger Despite these serious concerns the media continues to make drinking look attractive to youth and it remains possible and even easy for teenagers to get access to alcohol Why is this dangerous behavior so pervasive What can be done to prevent it What will work and who is responsible for making sure it happens **Reducing Underage Drinking** addresses these questions and proposes a new way to combat underage alcohol use It explores the ways in which may different individuals and groups contribute to the problem and how they can be enlisted to prevent it **Reducing Underage Drinking** will serve as both a game plan and a call to arms for anyone with an investment in youth health and safety

Getting to Zero Alcohol-Impaired Driving Fatalities National Academies of Sciences, Engineering, and Medicine,Health and Medicine Division,Board on Population Health and Public Health Practice,Committee on Accelerating Progress to Reduce Alcohol-Impaired Driving Fatalities,2018-05-25 Alcohol impaired driving is an important health and social issue as it remains a major risk to Americans health today surpassing deaths per year of certain cancers HIV AIDS and drownings among others and contributing to long term disabilities from head and spinal injuries Progress has been made over the past decades towards reducing these trends but that progress has been incremental and has stagnated more recently **Getting to Zero Alcohol Impaired Driving Fatalities** examines which interventions programs systems and policies are most promising to prevent injuries and death from alcohol impaired driving the barriers to action and approaches to overcome them and which interventions need to be changed or adopted This report

makes broad reaching recommendations that will serve as a blueprint for the nation to accelerate the progress in reducing alcohol impaired driving fatalities

Drinking in Context Gerry Stimson, Marcus Grant, Marie Choquet, Preston Garrison, 2013-05-13 Drinking beverage alcohol is a widespread source of individual and social pleasure in most countries around the world Yet some drinking patterns can lead to serious physical mental and social harms Drinking in Context is intended to complement existing volumes dealing with international alcohol policy by focusing on three main themes drinking patterns targeted interventions and partnership development An understanding that patterns of drinking are important predictors of outcomes has led to a growing realization that alcohol policies and prevention strategies need to focus on excessive or irresponsible drinking As a result there has been a shift towards interventions that address the targeted reduction of harm These approaches recognize socio cultural differences and avoid trying to impose a one size fits all solution In this context multi stakeholder partnerships offer an excellent opportunity to promote the complex mix of measures required by each society Shared responsibilities lead to shared solutions

Working Together to Reduce Harmful Drinking Marcus Grant, Mark Leverton, 2009-10-05 Working Together to Reduce Harmful Drinking is intended as the industry input into the development of the Global Strategy on Alcohol by the World Health Organization WHO

The Law and Economics of Public Health Frank A. Sloan, Lindsey M. Chepke, 2007 The Law and Economics of Public Health synthesizes the empirical research findings on the relationship between law and the public s health that are found scattered in different literature ranging from economic journals to medical journals journals on addictive behaviors law reviews and books This is the only study to date that has assembled the empirical evidence from many areas ranging from motor vehicle liability and dram shop liability to medical malpractice products liability as it applies to pharmaceutical products and medical devices The Law and Economics of Public Health addresses the fundamental question as to whether or not and the extent to which imposing tort liability on potential injurers improves the public s health Does the threat of litigation on potential injurers make them exercise more caution Does insurance coverage counter incentives to be careful Does the tort system operate as perfectly as the theory would have it This monograph answers these questions on the basis of empirical evidence The Law and Economics of Public Health discusses both theory and empirical evidence in several areas of personal injury to which tort liability has been applied The monograph starts by describing the general law and economics framework used to assess both positive and normative issues relating to tort liability It then presents the rationale for and empirical evidence on particular applications of tort liability as it applies to personal injury

Tackling Harmful Alcohol Use Economics and Public Health Policy OECD, 2015-05-12 This book examines trends and social disparities in alcohol consumption It assesses the health social and economic impacts of key policy options for tackling alcohol related harms in Canada the Czech Republic and Germany extracting policy messages for a broader set of countries

Alcohol: No Ordinary Commodity Thomas Babor, 2010-02-25 From a public health perspective alcohol is a major contributor to morbidity and mortality and impacts on

many aspects of social life This text describes advances in alcohol research with direct relevance to the development of effective policies at local national and international level **Raising the Bar** Kathryn Graham,Ross Homel,2012-12-06

Drawing upon the authors extensive experience with observational interview and intervention research this book provides a definitive review of knowledge about bar room environments and their regulation and provides directions for the prevention of aggression violence and injury in and around public drinking establishments **The Oxford Handbook of Adolescent**

Substance Abuse Robert A. Zucker,Sandra A. Brown,2019 This Handbook s content provides a definitive overview of the research knowledge base for adolescent substance abuse the most significant social problem of adolescence Its contributors are leading researchers in their fields making the volume unique in the breadth as well as depth of its coverage Topics covered range from basic neuroscience to genetics to behavioral precursors and correlates to social relationships to cultural variation to clinical correlates to social policy The Handbook s comprehensive scope and the depth of its analysis make it suitable both as a text for graduate level courses as well as a core reference for professionals in the field **The Smoking**

Puzzle Frank A. Sloan,Vincent Kerry Smith,Donald H. Taylor,2003 The authors find that smokers tend to be overly optimistic about longevity and future health if they quit later in life Smokers over 50 revise their perceptions only after a major health shock If smokers are informed of long term consequences and are told that quitting can come too late they are able to evaluate the risks more accurately *You're the First One I've Told* Kathryn Whetten,Kathryn Whetten-Goldstein,Trang

Quyen Nguyen,2002 In the second wave of the HIV epidemic those with the disease are more likely than ever to be female younger heterosexual a racial minority and rural living Vital to the development of user friendly health care systems is an understanding of the vastly different lives of this second wave of HIV infected persons *You're the First One I've Told* offers a view into the lives of men and women infected with HIV The experiences of twenty five people living with this disease in rural eastern North Carolina serve as the foundation of this book which also draws upon unique HIV AIDS survey data collected by the authors and statistics from the Southeastern United States This combination of qualitative and quantitative information provides readers with a vivid description of how people live with HIV AIDS in the midst of their often traumatic lives and why they manage their illness in ways that seem to contradict mainstream medical and social wisdom The people interviewed represent a variety of races genders professions family lives and medical and social service access and utilization This book is the first to address a history of racism distrust of formalized medical systems homophobia trauma and their interplay with HIV treatment particularly in the South It is an indispensable read for students needing to understand health care for the disenfranchised as well as any provider policymaker or researcher involved in HIV service provision **Comparative Tort**

Law Mauro Bussani,2021-02-26 This revised second edition of *Comparative Tort Law Global Perspectives* offers an updated and enriched framework for analysing and understanding the current state of tort law around the world Using a critical comparative methodology it covers not only the common tort law issues but also many jurisdictions often overlooked in the

mainstream literature Contributions explore illuminating case studies from tort systems in Europe the US Latin America Asia and sub Saharan Africa including new chapters specifically discussing tort law in Brazil India and Russia **Considering**

Marijuana Legalization Jonathan P. Caulkins, Beau Kilmer, Mark Kleiman, Robert J. MacCoun, Gregory Midgette, Pat Oglesby, Rosalie Liccardo Pacula, Peter H. Reuter, 2015-01-16 Marijuana legalization is a controversial and multifaceted issue that is now the subject of serious debate In May 2014 Vermont Governor Peter Shumlin signed a bill requiring the Secretary of Administration to produce a report about various consequences of legalizing marijuana This resulting report provides a foundation for thinking about the various consequences of different policy options while being explicit about the uncertainties involved **The Conservative Case for Class Actions** Brian T. Fitzpatrick, 2019-11-01 Since the 1960s the class action lawsuit has been a powerful tool for holding businesses accountable Yet years of attacks by corporate America and unfavorable rulings by the Supreme Court have left its future uncertain In this book Brian T Fitzpatrick makes the case for the importance of class action litigation from a surprising political perspective an unabashedly conservative point of view Conservatives have opposed class actions in recent years but Fitzpatrick argues that they should see such litigation not as a danger to the economy but as a form of private enforcement of the law He starts from the premise that all of us conservatives and libertarians included believe that markets need at least some rules to thrive from laws that enforce contracts to laws that prevent companies from committing fraud He also reminds us that conservatives consider the private sector to be superior to the government in most areas And the relatively little discussed intersection of those two beliefs is where the benefits of class action lawsuits become clear when corporations commit misdeeds class action lawsuits enlist the private sector to intervene resulting in a smaller role for the government lower taxes and ultimately more effective solutions Offering a novel argument that will surprise partisans on all sides The Conservative Case for Class Actions is sure to breathe new life into this long running debate **Research Handbook on the Economics of Torts** Jennifer Arlen, 2013-11-29 Focusing on issues of vital importance to those seeking to understand and reform the tort system this volume takes a multi disciplinary approach including theoretical economic analysis empirical analysis socio economic analysis and behavioral anal **Wine Politics** Tyler Colman, 2010-11-10 Kudos to Tyler Colman for this illuminating look at wine s fascinating backstory This excellent overview of how important politics is to the taste of the wine in your glass is a new kind of wine book essential for every wine lover s bookshelf Elin McCoy author of The Emperor of Wine The Rise of Robert M Parker Jr and the Reign of American Taste In shrewdly examining how politics influences the production distribution and consumption of wine on both sides of the Atlantic Tyler Colman has written a much needed and long overdue book Wine Politics won t necessarily make you a better taster but it will unquestionably make you a more enlightened drinker Mike Steinberger wine columnist for Slate magazine
