distractions many people have failed to see a gorilla beating its chest right in front of them and this is no joke We really are not good multi taskers when our attention is spread over tasks that require dedicated attention That s why conversations on cellphones turn out to be a serious distraction to drivers Read this book and see what you think And then see what you think about whether it s fair to the rest of the people in your car or on the road when you allow yourself to be distracted in the special way that cellphones can distract
