Drug Hate And The Corruption Of American Justice:

Drug Hate and the Corruption of American Justice David S. Baggins, 1998-05-30 The hatred of drugs according to the author is the axis of politics that has fundamentally shifted the nation's policy format from the progressive orientation that dominated from the time of Roosevelt to the Sixties to the punitive orientation that emerged during the Nixon presidency and continues to this day This triumph of the political use of drug hate is simultaneously a disaster in policy consequences as it corrupts the criminal justice system exacerbates class inequality drains public resources and denies the public their Constitutional heritage Sadofsky Baggins shows that the political success of the domestic war has overwhelmed the policy failure in the nation's deliberations The War on Drugs is politically successful because it serves traditional racial antagonisms media need for theater religious needs for piety and denunciation of sinful pleasures and maintains conservative coalition politics by emphasizing punishment over progress toward social justice This book recognizes the need to reassess the War on Drugs as a necessary step toward national healing and future policy development Recent popular movements and initiatives as well as the failure of some politicians to benefit from deploying drug hate rhetoric are considered as the opening of such an awakening Sadofsky Baggins treats the War on Drugs as the epic of politics and civilization in our time This book continues his efforts to explain how well meaning citizens and manipulative politicians and institutions construct laws that miserably fail in their intended purpose and harm the nation in significant unintended ways This book is of interest to concerned citizens as well as scholars researchers and policy makers involved with legal drug and political issues

well as scholars researchers and policy makers involved with legal drug and political issues The Political Junkie Handbook Michael Crane,2004 This easy to use book is designed to inform the American public about the political system that influences much of their lives Sentencing and Society Cyrus Tata,Neil Hutton,2017-03-02 Combining the latest work of leading sentencing and punishment scholars from twelve different countries this major new international volume answers key questions in the study of sentencing and society It presents not only a rigorous examination of the latest legal and empirical research from around the world but also reveals the workings of sentencing within society and as a social practice Traditionally work in the field of sentencing has been dominated by legal and philosophical approaches Distinctively this volume provides a more sociological approach to sentencing so allowing previously unanswered questions to be addressed and new questions to be opened This extensive collection is drawn from around one third of the papers presented at the First International Conference on Sentencing and Society Almost without exception the chapters have been revised cross referenced and updated The overall themes and findings of the international volume are set out by the opening Introduction and the closing Reflections chapters Research findings on particular penal policy questions are balanced with an analysis of fundamental conceptual issues making this international volume essential reading for sentencing and punishment scholars criminal justice policy makers and graduate students *Social Problems* Norman Allan Dolch,Linda Bell Deutschmann,Helen K. Wise,2007-01-01 Social Problems explores the consequences of symbolic interactionism in society a theory which contends that people attach meanings to symbols such as language or gestures and base their behaviors on their interpretations of these meanings Norman A Dolch Linda Deutschmann and Helen Powell compile a number of critical and innovative essays that explore different aspects of society including mental illness race relations terrorism and family life *Domestic Politics and International Narcotics Control* Victor J. Hinojosa,2007-11-21 This book examines different levels of narcotics control cooperation between the United States Mexico and Colombia Victor J Hinojosa finds that Mexico is consistently held to a very different standard than Colombia and that the US often satisfies domestic political pressures to be tough on drugs by punishing Colombia while allowing Mexico much more freedom to pursue different strategies He also explores the role of domestic terrorism and presidential reputation in Colombia for the US Colombia pair and the role of competing issues in the US Mexican bilateral agenda for that country pair finding that congressional pressure and electoral tests exert the most impact on US behavior but that Mexican and Colombian behavior is best explained in other ways Together these findings suggest both the promise of integrating the study of international relations and comparative politics and important limitations of the theoretical framework *Law and Society* Steven Vago,2015-07-14 For one semester undergraduate courses in Law and Society Sociology of Law Introduction to Law and a variety of criminal justice courses offered in departments of Sociology Criminal Justice and Political Science Examines the interplay between law and society Law and Society 10e provides an informative balanced and comprehensive analysis of the interplay between law and society

This text presents an overview of the most advanced interdisciplinary and international research theoretical advances ongoing debates and controversies It raises new levels of awareness on the structure and functions of law and legal systems and the principal players in the legal arena and their impact on our lives In addition it looks at the legal system in the context of race class and gender and considers multicultural and cross cultural issues in a contemporary and interdisciplinary context

An Industrial Geography of Cocaine Christian M. Allen,2013-10-14 Latin American cocaine trafficking organizations comprise an indigenous globally competitive multinational industry Their business operations are deeply ingrained within the economic and political systems of countries throughout the region While criminal enterprises operate in a more complex and uncertain setting than licit firms their competitive success is determined in fundamentally similar ways Models developed by geographers to explain the spatial behavior of licit multinational firms are profitably applied here to the operations of drug trafficking operations Special Education International Perspectives Anthony F.
