Bitrus A. Sarma,2023-03-02 If the New Testament records the good news that the Messiah came in the person of Jesus Christ of Nazareth what good news does it proclaim to the church in Africa today Across the African continent nations are grappling with issues of genocide terrorism political instability ethnic division abject poverty environmental degradation and the rapid erosion of community life and values There is a dire need for New Testament theology that seriously addresses these social political realities from an African perspective Dr Bitrus Sarma seeks to meet this need providing a contextual understanding of the gospel for African Christians Addressing every book of the New Testament Drums of Redemption is contextually relevant biblically rooted and radically hope filled as it casts a vision for how Christ s redemptive mission can be experienced in every area of life An excellent resource for church leaders in training or those already in ministry it also serves as a powerful example of the incarnational nature of God s word **Silencing the Drums** Tom Shipley,2022-08-01 Filled with as much humor as heartache Silencing the Drums by Tom Shipley is a stunning example of what historical fiction does when it is done well Perfectly pitched and perfectly poised this debut educates readers on life in Southern Virginia after the Second World War and proves the stomping ground for good old fashioned storytelling Billy Grayson is a boy on the cusp of manhood He has lost his father in World War II but though reeling is willing to make the best of a summer spent with relatives at the

ancestral home in Virginia What follows is not curative but a rousing journey as his fair cousin Anna Wainwright enlists his aid on a mission to bring a man down As the two seek justice they learn the path of the righteous takes courage and that honor comes with a price Drums of War, Drums of Development: The Formation of a Pacific Ruling Class and Industrial Transformation in East and Southeast Asia, 1945-1980 Jim Glassman,2018-08-13 In Drums of War Drums of Development Jim Glassman analyses the geopolitical economy of industrial development in East and Southeast Asia during the Vietnam War era showing how it was shaped by the collaborative planning of US and Asian elites Challenging both neo liberal and neo Weberian accounts of East Asian development Glassman offers evidence that the growth of industry the East Asian miracle was deeply affected by the geopolitics of war and military spending the East Asian massacres Thus while Asian industrial development has been presented as providing models for emulation Glassman cautions that this industrial dynamism was a product of Pacific ruling class manoeuvring which left a contradictory legacy of rapid growth death and ongoing challenges for development and democracy Shortlisted for the 2019 Deutscher Memorial Prize *Histrion-mastix; or, The player whipt.
