Drums From Day One:

Drums From Day One Jim Payne, 2017-09-28 Basic drum set coordination can be learned very quickly using vocal sounds instead of written notes Drums from Day One is an adaptation of the proven solfege technique to the drum set Solfege singing musical notes with syllables has been used for hundreds of years by teachers of virtually every other musical instrument The traditional way of beginning the drums by studying and analyzing written drum notation and applying various notes to the four limbs is a complex task that takes a good deal of time Although reading and writing music will also be covered in this book beginners can get started much faster with the solfege system This is not a quick fix or a promise to make you a drum expert in one day but this method has been tested and proven with hundreds of students over the years and it is very efficient and offers immediate results The student will learn to play 8 songs in all the basic styles Rock Blues Shuffle and Funk The songs are especially designed and graded for beginners and are recorded with and without drums on the companion audio Includes access to online audio containing recorded examples of all the exercises in the book

The Beat of My Drum Babatunde Olatunji, Robert Atkinson, 2005 Babatunde Olatunji's record album Drums of Passion proclaimed that the time had come for America to recognize Africa's cultural contributions to the music world Through his many albums and live performances the Nigerian drummer popularized West African traditional music and spread his message of racial harmony In this long awaited autobiography Olatunji presents his life story and the philosophy that guided him Olatunji influenced and inspired musicians for more than forty years from luminaries to music students and the many ordinary people who participated in his drum circles He writes about rhythm being the soul of life and about the healing power of the drum Ultimately The Beat of My Drum shows why at the time of his death in 2003 Olatunji had become according to The New York Times the most visible African musician in the United States
