Dry Eyes Crying:

Adult Crying Ad J.J.M. Vingerhoets, Randolph R. Cornelius, 2012-12-06 Crying is a typical human expression of emotion Surprisingly until now little scientific attention has been devoted to this phenomenon Many textbooks on emotion fail to pay attention to it and in scientific journals there are hardly any contributions focusing on this behavior In contrast there is much interest from the lay public allowing pseudo scientists to formulate theories that have little or no scientific basis Is there any evidence in support of statements that crying is healthy or that not crying may result in toxification How do people react to the crying of others Is crying important for the diagnosis of depression and if so how This book aims to fill this gap in scientific literature Crying is discussed from several perspectives and specific attention is given to methodological issues and assessment Each chapter provides a review and a summary of the relevant scientific literature *Seeing Through Tears* Judith Kay Nelson, 2012-12-06 Seeing Through Tears is a groundbreaking examination of crying behavior and the meaning behind our tears Drawing from attachment theory and her own original research Judith Nelson presents an exciting new view of crying as a part of our inborn equipment for establishing and maintaining emotional connections In a comprehensive look at crying through the life cycle this insightful volume presents a novel theoretical framework before offering useful and practical advice for dealing with this most fundamental of human behaviors **Bulldookey** Millard Edward Streeter, Pamela Elizabeth Smith, 2024-07-10 What is contained in this book may or may not be worthwhile but it will hopefully tickle you make you smile and say Hmm Bulldookey are experiences expressions rationalizations thoughts ideas perspectives perceptions sayings mottos mantras beliefs myths principles values folklore mores proverbs oxymorons etc etc that are in some cases foolish and silly and they make no sense upon careful consideration and inspection They are things people say and believe for whatever reason your guess is as good as ours Bulldookey s purpose is to offer lighthearted fare for laughter and to provide a setting for the contemplation of these thought provoking tidbits which hopefully will promote change in thought feeling and behavior What we want is for all to have fun This list is neither exhaustive nor comprehensive It is in fact a random selection of items we thought significant enough to place on the list and set on the table for your consideration and enjoyment *Thinking about Tears* Marco Menin, 2022 A crucial period for the birth of modernity France s long eighteenth century c 1650 1820 was an era marked by the formulation of a new aesthetic and ethical code revolving around the intensification of emotions and the hyperbolic use of weeping IThinking About Tears reveals another side to a period often called the age of reason *Pictures and Tears* James Elkins, 2005-08-02 This deeply personal account of emotion and vulnerability draws upon anecdotes related to individual works of art to present a chronicle of how people have shown emotion before works of art in the past *Cue Tears* Daniel Sack, 2024-07-02 Lively essays on the meanings and methods of tears in performance *Embodiment Via Body Parts* Zouheir A. Maalej, Ning Yu, 2011 This volume is based on the theme session titled Embodiment via Body Parts organized by Zouheir Maalej Farzad Sharifian and Ning Yu at the 10th
