Drydens Mind And Art:

Dryden's Mind and Art Bruce King, 1969 *Dryden's Mind and Art. [By] John Heath-Stubbs [a.o.] Essays* Bruce King, 1969 **Dryden's Mind and Art** Bruce Alvin King, John Francis A. Heath-Stubbs, 1969 **Dryden's Mind and Art. Essays Edited by Bruce King** Bruce King, 1969 *Dryden's mind and art* Bruce King, 1970 **Between the Ancients and Moderns** , *The Just and the Lively* Michael Werth Gelber, 2002

Recognition is often considered a means to de-escalate conflicts and promote peaceful social interactions. This volume explores the forms that social recognition and its withholding may take in asymmetric armed conflicts, examining the risks and opportunities that arise when local state and transnational actors recognise, misrecognise or deny recognition of armed non-state actors. By studying key asymmetric conflicts through the prism of recognition, it offers an innovative perspective on the interactions between armed non-state actors and state actors. In what contexts does granting recognition to armed non-state actors foster conflict transformation? What happens when governments withhold recognition or label armed non-state actors in ways they perceive as misrecognition? The authors examine the ambivalence of recognition processes in violent conflicts and their sometimes unintended consequences. The volume shows that while non-recognition prevents conflict transformation, the recognition of armed non-state actors may produce counterproductive precedents and new modes of exclusion in intra-state and transnational politics.

A Glossary of John Dryden's Critical Terms H. James Jensen, 1969-02-19

A Glossary of John Dryden's Critical Terms was first published in 1969. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions. Although John Dryden is as Samuel Johnson described him, the father of modern criticism, his critical writings are difficult for twentieth-century readers to understand and appreciate. Part of the problem lies in the fact that many of the critical terms which Dryden used have changed or expanded in meaning since his time. By providing a series of glosses of seventeenth-century critical terms, this volume clarifies and illuminates Dryden's work for modern readers and scholars. Professor Jensen has catalogued every important word that Dryden used in discussing critical matters, whether about art, literature or music. In addition to covering all of Dryden's works, the glossary encompasses works of other important seventeenth-century critics among them John Milton, Ben Jonson and Thomas Rymer. The structure of the glossary is simple: under each word, there is a general definition and, if needed, an essay on the word's origin, history and general usage. Then the various particular meanings of the word are given, and under each definition are listed the critics, the works, the editions and the page numbers where the word is used with that particular meaning. Selected quotations abound, substantiating the text. The book will be useful for students and teachers in seventeenth and eighteenth-century literature courses and for scholars doing advanced research. Students will gain an understanding of the development of critical thought by reading the essays in the Glossary. Modern scholars of Restoration literature will find new ideas here as well as confirmation of some older conjectures about

Dryden **Poetry and the Feminine from Behn to Cowper** Jennifer Keith, 2005 Poetry and the Feminine from Behn to Cowper revisits the foundations of poetic representation and value for women and men poets of the Restoration and eighteenth century including Aphra Behn John Dryden Anne Killigrew Anne Finch and Alexander Pope The author argues that fundamental to poetic innovation in this era are poets' revisions of feminine figures such as the muse and nature Feminine Nature serves these poets as an infinitely expandable category of form that allows them to redefine poetry and poetic subjectivity These poetic innovations include exploring the very grounds of mimesis dismantling the hierarchy of poetic kinds and using sensibility to yoke aesthetic and ethical values Using an inclusive framework the author presents a history of poetic change through women's and men's complex dialogues with poetic contexts and conventions Jennifer Keith is Associate Professor at the University of North Carolina at Greensboro

The Oxford History of Classical Reception in English Literature: The Oxford History of Classical Reception in English Literature David Hopkins, Charles Martindale, Norman Vance, Rita Copeland, Patrick Cheney, Philip R. Hardie, Jennifer Wallace, 2012-09-27 The present volume 3 is the first to appear of the five that will comprise The Oxford History of Classical Reception in English Literature henceforth OHCREL Each volume of OHCREL will have its own editor or team of editors Preface

Dryden William Myers, 2025-04-01 Originally published in 1973 this is foremost a study of Dryden as a writer but the author maintains his ideas cannot be separated from his art Dryden's concern with familiar 17th Century problems the inadequacy of royalist theory in the face of power politics the rise of philosophical materialism make him almost as important to the historian as to the student of English Literature William Myers' overall picture of Dryden's works ranges chronologically from the Restoration to the Glorious Revolution Each play or poem is judged in its own right and as part of a strikingly honest literary life Particular emphasis is given to the writings following *The Hind and the Panther* Then at last Dryden was able to unite his total mastery of prose and verse both with a fully developed sense of what had happened to English society and with his own unyielding commitment to a traditional political philosophy and a traditional theology

The Works of John Dryden, Volume VI John Dryden, 2023-11-15 Volumes V and VI concern Dryden's most involved labor the complete translation of Virgil into English Volume VI contains books 7-12 of *The Aeneid* as well as commentary and textual notes to the full works of Virgil translated in these two volumes Volumes V and VI concern Dryden's most involved labor the complete translation of Virgil into English Volume VI contains books 7-12 of *The Aeneid* as well as commentary and textual notes to the full works of Virgil translated in these two volumes

Dryden's Aeneid Taylor Corse, 1991 This book demonstrates how Dryden made Virgil's *Aeneid* available in an English idiom that would reflect and appeal to English tastes and values over a long period of time
