Dryland Husbandry In Uganda Community Participation And Development:

Dryland Husbandry in Uganda E. N. Sabiiti, Tegegne Teka, 2004 The pastoral communities in Uganda face shrinking grazing resources chronic water shortages livestock diseases frequent droughts and gender inequity in access to resources It is a sector that contributes significantly to the national economy 95% of the livestock under pastoral production contributing about 17% of GDP besides providing food security however in the past there has been little provision for research Hence this welcome initiative of the Dryland Husbandry Project The project carries out research and development involving pastoralists in the management and conservation of their resources This book represents the compilation of ten research papers ensuing from the project tackling different aspects of the rangelands It concludes with a series of recommendations for government interventions in order to sustain the utilisation and managements of the drylands in Uganda *Rebounding from the brink of extinction* Niemi, Ernie, Manyindo, Jacob, 2018-11-30 Changes in climate that intensify drought and accelerate the spread of livestock parasites and diseases darken the economic future for sub Saharan pastoralists Already stressed as industrial and urban development narrow their access to pastures and water for their animals many pastoralists face a bleak choice abandon their livestock and their cultural heritage or die In Uganda however the outlook for pastoralists is becoming much brighter Thousands of pastoralists in Uganda point the way toward a better option commercial milk production **OSSREA Bulletin** ,2007 *Stewardship of Future Drylands and Climate Change in the Global South* Simone Lucatello, Elisabeth Huber-Sannwald, Ileana Espejel, Natalia Martínez-Tagüeña, 2019-10-10 This volume integrates a conceptual framework with participatory methodologies to understand the complexities of dryland socio ecological systems and to address challenges and opportunities for stewardship of future drylands and climate change in the global south Through several case studies the book offers a transdisciplinary and participatory approach to understand the complexity of socio ecological systems to co produce accurate resource management plans for sustained stewardship and to drive social learning and polycentric governance This systemic framework permits the study of human nature interrelationships through time and in particular contexts with a focus on achieving progress in accordance with the 2030 United Nations Agenda for Sustainable Development The book is divided into four main sections 1 drylands and socio ecological systems 2 transdisciplinarity in drylands 3 interculturality in drylands and 4 the governance of drylands Expert contributors address topics such as pastoralism and the characteristics of successful agricultural lands the sustainable development goals and drylands dryland modernization and arid land governance with a focus on Mexico The volume will be of interest to dryland researchers sustainable development practitioners and policymakers **African Studies Review** ,2006 **The African Book Publishing Record** ,2006 *National Bibliography of Uganda* ,2012 *African Books in Print* ,1978 **University Engagement with Farming Communities in Africa** Anthony Egeru, Megan Lindow, Kay Muir Leresche, 2023-12-01 This book explains and explores how collaborations can be built and strengthened between African universities and farming

communities to address real world contemporary challenges The book focuses on Community Action Research Platforms an approach that has successfully enabled African universities to break free of the ivory tower and prove their relevance to society through deep collaborative engagements in targeted agricultural value chains Developed in a pan African network of universities RUFORUM focused on capacity building in agriculture the approach has been tested in diverse settings over the last 15 years The book draws on the experiences and lessons from 21 different projects initiated by RUFORUM member universities in Benin Botswana Ethiopia Ghana Kenya Malawi Namibia South Africa Sudan Tanzania Uganda and Zimbabwe It highlights a critical yet underutilised role for African universities as collaborators and catalysts for multisector solutions These are solutions that increase productivity and address climate change They develop livelihoods and resilience in rural communities as well as promote farmers access to markets innovation and trade while safeguarding biodiversity and enhancing food and nutrition security The book makes a case for repositioning African universities as fulcrums of development in society It shares the rich experiences learnings and scientific findings of diverse researchers practitioners and students who have been working towards achieving this reality on the ground This multidisciplinary book holds appeal for university leaders higher education agrifood and development specialists researchers and practitioners policymakers and development agencies engaged in African agriculture and rural development higher education and sustainable growth The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Dryland Husbandry in the Sudan Tegegne Teka, Muna Mahjoub M. Ahmed, Mohamed Fadl Elmoula Idris, 2004 Sudan has the largest landmass of any African country and two thirds of the land is arid or semi arid desert It is affected by drought famine increased desertification and depleting agricultural and livestock production This book details activities carried out by the Dryland Husbandry Project in Sudan This aims to involve pastoralists in the management and conservation of their resources adopting a bottom up approach with the priorities of local people at heart The study covers project interventions in extension work trail based action orientated research gender based activities policy dialogue environmental profiling activities of rangeland and water management and the role of women in livestock production

The Right to Food and Development in Africa, 2006 *Managing Natural Resources for Sustainable Livelihoods* Barry Pound, 2003 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company

Case studies of agrifood systems technologies and innovations for climate action at country level FAO, 2024-12-30 Climate change is having a devastating effect on many of the world s agrifood systems and the communities that rely on them for their livelihoods This compendium contains summaries of forty case studies from a total of over two hundred submitted to FAO for the Science and Innovation Forum 2023 that describe innovative efforts that have been made to address some of the challenges arising from climate change The cases described are from low and middle income countries but climate change affects agriculture in its broadest sense irrespective of the region where it is practised

Case studies were received from all regions and selection for inclusion was based on several important criteria equity adversity innovativeness and the extent to which a case addressed problems experienced by women and youth

Organizational and Institutional Issues in Climate Change Adaptation and Risk Management Catherine Ragasa, Yan Sun, Elizabeth Bryan, Caroline Abate, Atlaw Alemu, Mahamadou Namori Keita, 2013-07-17 Climate change places demand on existing governance structures to reform and work more effectively than in the past In response greater attention to and funding for climate change adaptation including the efforts of National Adaptation Programmes of Action NAPAs the Least Developed Country Fund the Special Climate Change Fund the Adaptation Fund and the E U Global Climate Change Alliance provide an opportunity for institutional organizational and human capacity strengthening This study was conducted to explore the challenges and opportunities for building human organizational and institutional capacity for more effective climate change adaptation in developing countries It is part of a larger research project titled Enhancing Women s Assets to Manage Risk under Climate Change Potential for Group Based Approaches which is being conducted to help organizations better understand ways in which development projects can assist rural households in adapting to and managing the effects of climate change This report provides some reflections and insights on the level of awareness practices and organizational and institutional issues being faced by countries as they adapt to climate change based on interviews with 87 practitioners working in government agencies local organizations international organizations and think tanks reporting involvement in climate change adaptation Data were collected in Bangladesh Ethiopia Kenya and Mali using both an e survey platform and face to face interviews Responses reveal active work within these organizations on climate change adaptation and emphasize their important role in the countries efforts to address and adapt to climate change Responses also reveal strong awareness among these organizations of different aspects of climate change adaptation along the different stages in a climate change adaptation project cycle which may be a reflection of the active discussions and awareness campaigns during NAPA development in these countries However despite the awareness and presence of national strategies and action plans there seem to be no explicit and clearly defined policy and strategy within these organizations outlining their role in and contribution to the national and collective efforts and more importantly no explicit and measurable targets and monitoring and evaluation M E system to track progress and outcomes over time Reported capacity gaps can be grouped into two categories training needs and institutional challenges In many organizations there is limited awareness of and emphasis on the need for participation of target groups and beneficiaries during design and planning of climate change adaptation projects In addition many respondents reported a need for greater attention to issues related to profitability financial sustainability and market access from climate change project design to M E Finally respondents emphasized that climate change projects should pay greater attention to gender social political and cultural issues in their design and implementation Reflections of respondents also highlighted the need for organizational capacity strengthening for those local organizations

working in and providing services to rural communities and for promoting a culture of impact and M E within these organizations in addition to the reported training needs in climate change management and in gender and social analysis While this report provides some insights further empirical analyses are needed to discover more details on strategies that could help trigger mind set and organizational culture change and to capture the complexity of organizational and institutional issues hindering climate change adaptation efforts that aim at reducing vulnerability and contributing to development outcomes

Uganda Journal of Agricultural Sciences ,2004 *Integrating Indigenous and Scientific Knowledge for Sustainable Food Systems in Africa* Saa Dittoh,Anna Bon,Hans Akkermans,2025-04-25 This open access book presents a novel approach to food security research SDG 2 Zero Hunger by integrating indigenous and scientific knowledge Through extensive field based research in Burkina Faso Ghana Kenya Mali and South Africa it explores the impact of merging traditional practices and local knowledge with scientific methods Through field studies the book shows the value of local knowledge and community led innovations in combating hunger achieving food security and enhancing nutrition sustainably and food sovereignty Drawing on decades of research in rural Africa the authors introduce the Plug In Principle a theory for integrating indigenous and modern knowledge systems to foster sustainable agricultural practices and enriched food ecosystems in Africa The Plug In Principle advocates that advancements in science and technology should enhance rather than replace existing indigenous knowledge This principle emerged from the failures of many development interventions where attempts at replacement often led to challenges and failures In agriculture for instance interventions in mechanization soil amendments seed and breed improvements and extension services have seldom succeeded due to a lack of integration with existing practices The Plug In Principle emphasizes that effective knowledge integration hinges on a deep understanding and appreciation of prevailing systems By designing interventions that seamlessly plug in to existing technologies we can ensure the co creation of effective solutions to the challenges we face This book is a testament to the potential of collaborative innovation in fostering sustainable development Development workers policymakers researchers students and donor agencies in agriculture and other development areas will find this volume invaluable Additionally scholars focused on decolonization and indigenous knowledge in the Global South will uncover insightful case studies and analyses

Dryland Husbandry In Uganda Community Participation And Development Introduction

In today's digital age, the availability of Dryland Husbandry In Uganda Community Participation And Development books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Dryland Husbandry In Uganda Community Participation And Development books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Dryland Husbandry In Uganda Community Participation And Development books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Dryland Husbandry In Uganda Community Participation And Development versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, Dryland Husbandry In Uganda Community Participation And Development books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Dryland Husbandry In Uganda Community Participation And Development books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely

distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Dryland Husbandry In Uganda Community Participation And Development books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Dryland Husbandry In Uganda Community Participation And Development books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Dryland Husbandry In Uganda Community Participation And Development books and manuals for download and embark on your journey of knowledge?

FAQs About Dryland Husbandry In Uganda Community Participation And Development Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Dryland Husbandry In Uganda
