Du Sublime:

Pensée de Marivaux, 2016-08-09 Envisager la pensée d'uncrivain que la tradition ne tient pas pour un penseur et dont les textes n'apportent pas la prétention philosophique peut paraître paradoxal voire naïf. Mais ce serait oublier que la réflexion prend bien des chemins et que la littérature est un espace de pensée. Il faudrait par conséquent plutôt s'étonner du fait qu'il puisse sembler anormal d'interroger la pensée d'uncrivain. Mais le terrain est-il vraiment miné? Mieux vaut repartir sur des bases modestes et claires d'après quelques constats. Ainsi concernant Marivaux, est-il frappant de relever l'importance que tiennent les réflexions dans ses textes. Rien de plus légitime d'ailleurs que de se demander si ces pensées apparemment décousues n'entrent pas dans une conception ordonnée du réel et de l'humanité. Il ne s'agit pas pour autant d'en revenir à une position simpliste consistant à attribuer à chaque auteur une conception du monde partant d'un relevé de ses affirmations explicites ou implicites. Plutôt que de se fourvoyer dans un exposé artificiellement complet de la pensée de Marivaux, il paraît plus intéressant de faire quelques pas en direction de ce qui est pensé dans les textes de Marivaux. **Anthropology,**

History, and Education Immanuel Kant, 2007-11-29 This 2007 volume contains all of Kant's major writings on human nature. *Uncanonical Women* Wendy Greenberg, 2023-12-14 In English here is presented for the first time an examination of the text and context of five nineteenth century French women poets: Elisa Mercoeur 1808-1835, Marceline Desbordes Valmore 1786-1859, Louisa Siefert 1845-1877, Louise Ackermann 1813-1890 and Louise Michel 1830-1905. It will demonstrate that in spite of mentoring by various literary, historic or even family figures, these writers found their own voices. A striking example is Louisa Siefert who in spite of bold intertextuality displays an unmistakably feminine persona whose originality poignantly draws the reader's attention. These poets had many obstacles to overcome as women identified poets. For example, Louise Ackermann's own husband did not want her to write and for this reason she remained silent during her whole years of marriage. Louise Michel is a different case. As an analysis of the short poem *Bouche close* (Le Livre du Baigneur 1873-1880) will demonstrate. In short *Uncanonical Women* explores a crescendo of poetic voice from the initial timid solicitations of Elisa Mercoeur to the bold self-sufficient defiance of Louise Michel. The implication of my original findings that uncanonical poets can surpass cultural marginalization is that the book will target both a traditional and modern readership. Major themes and clear language and tools that delineate identifiably personal style of true writers and the poetic persona of each is unique. Mercoeur in ambition, Desbordes Valmore in domesticity, Siefert in anguish, Ackermann in pessimism and Michel in leadership.

, *Milton in the Long Restoration* Blair Hoxby, Ann Baynes Coiro, 2016 Milton criticism often treats the poet as if he were the last of the Renaissance poets or a visionary prophet who remained misunderstood until he was read by the Romantics. At the same time literary histories of the period often invoke a long eighteenth century that reaches its climax with the French Revolution or the Reform Bill of 1832. What gets overlooked in such accounts is the rich story of Milton's relationship to his contemporaries and early eighteenth-century heirs. The essays in this collection demonstrate that some of

Milton's earliest readers were more perceptive than Romantic and twentieth century interpreters. The translations, editions and commentaries produced by early eighteenth century men of letters emerge as the seedbed of modern criticism and the term neoclassical is itself unmasked as an inadequate characterization of the literary criticism and poetry of the period, a period that could brilliantly define a Miltonic sublime even as it supported and described all the varieties of parody and domestication found in the mock epic and the novel. These essays, which are written by a team of leading Miltonists and scholars of the Restoration and eighteenth century, cover a range of topics from Milton's early editors and translators to his first theatrical producers, from Miltonic similes in Pope's *Iliad* to Miltonic echoes in Austen's *Pride and Prejudice*, from marriage to slavery to republicanism to the heresy of Arianism. What they share in common is a conviction that the early eighteenth century understood Milton and that the Long Restoration cannot be understood without him.

Genres as Repositories of Cultural Memory, 2021-12-28. This volume deals with the inherent relation between literary genres and cultural memory. Indeed, generic repertoires may be regarded as bodies of shared knowledge, a sort of encyclopaedia or museum of stocked culture, and have played and still play an important role in absorbing and activating that memory. The contributors have focused on some specific memory-linked genres that prove especially relevant in remembering and transforming past experiences, i.e. the post-modern historical novel and various forms of post-modern autobiographical writing. They deal with such renowned authors as Carlos Fuentes, Vargas Llosa, Umberto Eco, Antonio Tabucchi, John Barth, Julian Barnes, Michel Butor, Nathalie Sarraute, Alain Robbe-Grillet, Claude Simon, Georges Perec, and Marguerite Yourcenar. The volume thus constitutes an attractive and representative sample of post-modern forms of rewriting and problematizing individual and collective pasts.

The Classical Tradition, Michael Silk, Ingo Gildenhard, Rosemary Barrow, 2017-11-06. Reorganizes the field and challenges our preconceptions in both familiar areas and in disciplines that are not usually treated in studies on the classical tradition. A must-read. Craig Kallendorf, Texas A&M. The role of translation, the intricate relationship of pagan and Christian, the ideological implications of the classical tradition, the interplay between the classical tradition and the histories of scholarship and education, the relation between high and low culture and the myriad complex relationships, comparative, contrastive and interactive, between art, literature and thought themselves. Authoritative and accessible. *The Classical Tradition: Art, Literature, Thought* offers new insights into the powerful legacy of the ancient world from the Middle Ages and the Renaissance to the present day.

A History of Poetics, Sandra Richter, 2010. Since the 1990s, following the end of postmodernism, literary theory has lost much of its dynamics. This book aims at revitalising literary theory, exploring two of its historical bases: German poetics and aesthetics. Beginning in the 1770s and ending in the 1950s, the book examines nearly 200 years of this history, thereby providing the reader with a first history of poetics as well as with bibliographies of the subject. Particular attention is paid to the aesthetics and poetics of popular philosophy of the Hegel school, empirical and psychological tendencies in the field since the 1860s, the first steps towards a plurality of methods, 1890-1930, theoretical

confrontations during the Nazi period as well as the rise of formalist and anthropological approaches from the 1930s onwards All approaches are evaluated regarding their relevance for academia as well as for the general history of education If possible international references and contexts of the relevant theories are taken into account In sum the analysis not only shows how differentiated historical accounts in the field were but also reflects how current literary theory could move forward through the rediscovery of sunken ideas

Kant and the Metaphors of Reason Patricia Kauark-Leite, Giorgia Cecchinato, Virginia De Araujo Figueiredo, Margit Ruffing, Alice Serra, 2015-08-03 In den vergangenen Jahrzehnten hat die Metapher in der Philosophie zunehmend Beachtung gefunden und wurde zu einem zentralen Thema mit dem Kant sich in seiner kritischen Philosophie in Begriffen von Analogie und Symbolisierung beschäftigt Sein Beitrag zur Entwicklung unseres Verständnisses der Rolle der Bilder Metaphern und Symbole in theoretischer und praktischer Hinsicht leisten ist bedeutend zudem ist Kant selber auch als Schöpfer von Metaphern weithin bekannt Symbole Analogien und ästhetische Ideen sind unleugbar metaphorische Verfahren die eine ebenso grundlegende wie systematische Funktion in Kants philosophischer Sprache einnehmen Dieser Sammelband ist das Ergebnis einer neueren Initiative seitens einer internationalen Gruppe von mit Kant befassten Philosophen und Kant Spezialisten um die Erforschung von Themen zu befördern die noch nicht umfassend bearbeitet sind Das trifft mit Sicherheit auf die Metapher Thematik in Kants Philosophie zu der der vorliegende Band gewidmet ist In recent decades metaphor has become a respectable and central theme in philosophy In his critical philosophy Kant treats this theme in terms of the notions of analogy and symbolization In addition to contributing significantly to the development of our understanding of the role played by images metaphors and symbols in both theoretical and practical issues Kant is also widely recognized as a great creator of metaphors in his own right Symbols analogies and aesthetic ideas are undeniably metaphorical processes which fulfill a function in Kant's philosophical language that is as fundamental as it is systematic This collected volume is the result of a recent initiative on the part of an international group of Kantian philosophers and scholars to promote research on topics that have yet to be thoroughly explored in academic research This is certainly true of the topic of metaphor in Kant's philosophy to which the present volume is devoted
