response to intervention RTI framework through the use of two hundred instructional interventions      Becoming Biliterate  
Bertha Perez, 2003-10-03 This book describes the development process and dynamics of change in the course of  
implementing a two way bilingual immersion education program in two school communities The focus is on the language and  
literacy learning of elementary school students and on how it is influenced by parents teachers and policymakers P rez  
provides rich highly detailed descriptions both quantitative and qualitative of the change process at the two schools involved  
including student language and achievement data for five years of program implementation that were used to test the basic  
two way bilingual theory the specific school interventions and the particular classroom instructional practices The  
contribution of Becoming Biliterate A Study of Two Way Bilingual Immersion Education is to provide a comprehensive  
description of contextual and instructional factors that might help or hinder the attainment of successful literacy and student  
outcomes in both languages The study has broad theoretical policy and practical instructional relevance for the many other U  
S school districts with large student populations of non native speakers of English This volume is highly relevant for  
researchers teacher educators and graduate students in bilingual and ESL education language policy linguistics and  
language education and as a text for master s and doctoral level classes in these areas
