Investing in agriculture human capital: Roles for the private sector Franzel, Steven, Davis, Kristin, Gammelgaard, Johanna, Preissing, John, 2023-04-18 About 1.5 billion people most of the world's poor live on small farms in developing countries Improving livelihoods requires investing in their agriculture human capital skills abilities and knowledge social and personal attributes and experience to enable them to farm productively and sustainably These include technical agricultural skills in crops and livestock business skills in marketing records as well as functional skills such as empowerment leadership and innovation There is high demand for human capital development but public agencies often cannot provide it and smallholders cannot afford to pay for it There is great need for it as agriculture becomes more commercial information and skill intensive and climate change increases weather hazards This brief aims to assess the private sector's role in developing smallholder human capital and the advantages limitations and challenges of this involvement It outlines how development agencies and governments can facilitate the private sector to increase investment The brief concludes with recommendations on how development agencies and governments can support and facilitate private sector investment The main providers of non formal agricultural training are extension and advisory services EAS mainly government private companies NGOs and farmer organizations Other providers include agricultural technical and vocational education and training centres on the job training such as internships and informal interaction between farmers

Global Human Resource Development Thomas Garavan, Alma McCarthy, Michael Morley, 2016-02-05 Drawing on contributions from leading academics in the field this volume within the Routledge Series in Human Resource Development specifically focuses on Global Human Resource Development HRD Specifically the volume provides an overview of 17 regions 85

countries and includes one emerging market grouping CIVETS This book examines the role of the state in HRD the relationship between HRD and the level of economic development in the country or region the influence of foreign direct investment within the country or region and firm level HRD practices within countries or regions Global Human Resource Development analyzes HRD from institutional and cross cultural perspectives making it possible for the first time to analyze trends across countries and regions and to draw conclusions about the value of institutional and cross cultural perspectives in the HRD context There is currently no book on the market that conceptualizes the discipline of global HRD in this way making this a definitive book on HRD across the globe of particular interest to researchers and reflective practitioners

Human Resource Development Carmela D. Ortigas,2009 Bridging the Scholar-Practitioner Gap in Human Resources Development Hughes, Claretha,2016-03-17 Human resource professionals are an essential part of an organization by helping to establish a rapport between employees and their managers and providing individual support they ensure the overall well being and success of an establishment However in certain sectors such as academia or industrial settings their role still remains unclear Bridging the Scholar Practitioner Gap in Human Resources Development examines the knowledge breach in the role of human resources professionals and the pivotal role they play in an organization Featuring timely research future implications and practical applications of theoretical assumptions this publication is a pivotal source for professionals practitioners academics and researchers interested in the impact human resources specialists have in organizational settings Local Economic and Employment Development (LEED) Organising Local Economic Development The Role of Development Agencies and Companies Clark Greg,Huxley Joe,Mountford Debra,2010-04-06 This book identifies how development agencies and companies work what they do and how they can collaborate and what constitutes success and value added in their efforts to achieve local economic development *The Routledge Companion to Human Resource Development* Rob F. Poell,Tonette S. Rocco,Gene L. Roth,2014-09-25 The field of Human Resource Development HRD has grown in prominence as an independent discipline from its roots in both management and education since the 1980s There has been continual debate about the boundaries of HRD ever since Drawing on a wide and respected international contributor base and with a focus on international markets this book provides a thematic overview of current knowledge in HRD across the globe The text is separated into nine sections which explore the origins of the field adjacent and related fields theoretical approaches policy perspectives interventions core issues and concerns HRD as a profession HRD around the world and emerging topics and future trends An epilogue rounds off the volume by considering the present and future states of the discipline and suggesting areas for further research The Routledge Companion to Human Resource Development is an essential resource for researchers students and HRD professionals alike **Resources in Education** ,2001 *Human Resource Development* Juani Swart,Clare Mann,Steve Brown,Alan Price,2012-08-21 Each chapter in Human Resource Development provides the reader with commentary activities and review sections in an integrated approach

The action oriented approach is vital for practicing managers but increasingly for postgraduate and final year undergraduates who have work experience It is this aspect of the book that fills a gap that currently exists in the market This text reflects organizational realities and balances and integrates the coverage of individuals teams and organizational learning The book is written in a straightforward manner and explains concepts and key issues in a lucid style The activities are focused and are better suited to encouraging readers to learn
