## **Aging In Minority Groups Sage Focus Editions:**

**Aging in Minority Groups** R. L. McNeely, John N. Colen, 1983-07 Older members of minority groups are discriminated against not only because they are old but because of their ethnic group Perhaps for this reason studies of older people in minorities have tended to approach the subject as a social problem This volume of essays written by minority group contributors takes a more positive view The contributions focus on how normal members of minorities cope with the problems of being old These normative patterns the demographics of older minority group members and issues of service delivery and policy are examined **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),

Indian Diaspora , 2008-01-01 Indian Diaspora Social Gerontology Nursing Multiculturalism Education In historic and ethnographic accounts of Indians living in diaspora the elderly seem to receive much less attention than the new generation and its progress prosperity and success Using critical pedagogy approach this book attempts to close that gap by focusing on the voices of the Punjabi Bengali Sindhi and Gujarati diasporic Indians elderly living in five countries Learning to listen to the voices of these seniors may enable professors teachers students policy makers and parents to work towards building democratic societies

**Age or Need?** Bernice L. Neugarten, 1983 Should benefits for older people be based on age or need Do programmes that serve only older people deflect resources that should go to other people Some of the contributors to this volume argue that social service programmes should be based on need rather than defined groups of people Apart from anything else age based programmes confirm negative stereotypes of older people and lump them into an undifferentiated group But would the reform of social services along these lines jeopardize the recent progress made in the condition of older people New thoughts and new information are provided in support of both arguments Here is a ringside seat at a critical juncture in the social reconstruction of old age A London Bibliography of the Social Sciences , 1931 Vols

1-4 include material to June 1 1929 The Perspectives of People with Dementia Heather Wilkinson, 2002 The text focuses on projects which have taken different approaches to working with people with dementia in research including examining the process of interviewing people with dementia whose first language is not English and encouraging people with dementia to participate in the research analysis Guidelines for Developing Mental Health and Minority Aging Curriculum with a Focus on Self Help Groups , 1984

Linking Aging, Gender, and Activism Wendy M. Welsh, 1998 **Journal of Human Services Abstracts** , 1983 Aging, Health, and Family Timothy H. Brubaker, 1987-07 Long term care of the elderly has become an

important issue in recent years Researchers and policy makers are urgently seeking ways of improving social service systems in response to a dramatic increase in the number of older people as a percentage of the total population 3 In this comprehensive collection of original papers leading scholars and practitioners draw on the latest empirical research in their discussion of the role of family members as informal care givers the interaction between families and social service systems

both community based and institutional and the policy implications of integrating family members into the continuum of long term care of the elderly

**Critical Issues in Aging Policy** Edgar Borgatta,Rhonda J. V. Montgomery,1987-06 Giving a comprehensive overview of the discipline this book is designed as a supplementary text for students of social gerontology and ageing policy 3Highlighting policy implications specialists consider issues such as long term care ways of measuring well being social relationships of the elderly attitudes to retirement health and crime the book does a good job in prompting deeper consideration of day to day issues about elderly people and points up many unexplored areas worthy of research This is a useful book combining much of general interest for staff working with older people with clear and important messages for its target audience of researchers and policy theorists GPS 3 2

**Youth Resilience and Culture** Linda C. Theron,Linda Liebenberg,Michael Ungar,2014-11-21 Until researchers and theorists account for the complex relationship between resilience and culture explanations of why some individuals prevail in the face of adversity will remain incomplete This edited volume addresses this crucial issue by bringing together emerging discussions of the ways in which culture shapes resilience the theory that informs these various studies and important considerations for researchers as they continue to investigate resilience Using research from majority and minority world contexts Youth Resilience and Culture Commonalities and Complexities highlights that non stereotypical critical appreciation of the cultural systems in which youth are embedded and or affiliate with is pivotal to understanding why particular resilience processes matter for particular youth in a particular life world at a particular point in time In doing so this book sensitizes readers to the importance of accounting for the influence of cultural contexts on resilience processes and to the danger of conceptualising and or operationalising resilience culture and their interplay simplistically or idealistically In short the progressive contents of Youth Resilience and Culture Commonalities and Complexities make it an essential read for resilience focused scholars students academics and researchers as well as policy makers practitioners and humanitarian workers engaged with high risk populations

**Children's Ethnic Socialization** Jean S. Phinney,M. J. Rotherham,Mary Jane Rotheram-Borus,1987-03 Published in cooperation with the Society for Research in Child Development Most children whether from majority or minority ethnic groups have contact with groups other than their own and must learn

to live with ethnic diversity How do children respond to and deal with the differences among groups in both the observable characteristics and in the less obvious values and norms How do children come to understand the meaning of their own and others ethnic group membership How does the impact of ethnicity change with development These are some of the questions that this book addresses The aim of this edited volume is to provide an integration of existing research and theory about the process by which ethnicity affects children and the ways in which children come to understand their own and others ethnicity Research in this area contributes to the understanding of developmental processes that shape children s self concept and self esteem their attitudes and behaviors toward their own and other groups as well as the way they are evaluated by others Understanding such processes may suggest methods of facilitating a child s personal development and promoting positive cross ethnic interactions This book is an excellent reference source for professionals working in the areas of developmental psychology education social work and ethnic studies The development of child ethnic identity and cognizance of ethnic difference is well covered in this collection of seminal essays by psychologists and other professionals concerned with ethnicity and its manifestations The collection as a whole stresses the conclusions that ethnic group differences have a significant impact on development and that this impact varies with the age of the child The collection will serve as a basic source for investigators into childhood ethnicity Upper division undergraduates and above Choice The book will benefit therapists and researchers engaged with minority populations Teachers of developmental psychology and human behavior would also find it useful Readings A Journal of Reviews and Commentary in Mental Health Phinney and Rotheram provide a valuable summary of ethnic differences along the dimensions of group versus individual orientation active versus passive coping style attitudes toward authority and expressive versus restrained communication Readers will obtain some valuable insights on children s ethnic attitudes and identification from this book Contemporary Psychology     1993 Research Conference on Undercounted Ethnic Populations ,1993     **Books in Series** ,1985 Vols for 1980 issued in three parts Series Authors and Titles     *Subject Guide to Books in Print* ,1997     **Children, Families, and Foster Care** ,2004
