Agrarian Problems in the Sixteenth Century and After Eric Kerridge, 1969 **The Agrarian Problem in the Sixteenth Century** R. H. Tawney, 2022-11-21 R H Tawney's *The Agrarian Problem in the Sixteenth Century* is an insightful exploration of the socioeconomic challenges faced in rural Europe during this tumultuous period. Tawney's meticulous research and analysis shed light on the struggles of peasants, landlords, and the overall agrarian society. Through a blend of historical evidence and economic theory, Tawney vividly depicts the complex relationships and power dynamics that shaped the agrarian landscape of the time. His writing style is both engaging and rigorous, making this book a valuable contribution to the field of economic history. Tawney's examination of agrarian issues provides a compelling insight into the broader political and social forces at play in sixteenth-century Europe. By delving into the intricacies of land ownership, labor relations, and economic policies, Tawney offers readers a comprehensive understanding of the challenges faced by rural communities. Scholars and students of history, economics, and sociology will find Tawney's work to be an indispensable resource for studying the agrarian realities of the past.

Documents collected include treaties, personal letters, statutes, military dispatches, diaries, declarations, newspaper articles, government and cabinet proceedings, orders, acts, sermons, pamphlets, agricultural instructions, charters, grants, guild regulations, and voting records. Volumes are furnished with lavish extra apparatus, including genealogical tables, lists of officials, chronologies, diagrams, graphs, and maps.

Writing, Geometry and Space in Seventeenth-Century England and America Jess Edwards, 2018-12-07 The early modern map has come to mark the threshold of modernity, cutting through the layered customs of Medieval parochialism with its clean, expansive geometries. Re-thinking the role played by mathematics and cartography in the English seventeenth century, this book argues that the cultural currency of mathematics was as unstable in the period as that of England's controversial enclosures and plantations. Reviewing evidence from a wide range of literary and scientific, courtly and pragmatic texts, Edwards suggests that its unstable currency rendered mathematics necessarily rhetorical, subject to constant re-negotiation. Yet he also finds a

powerful flexibility in this weakness Mathematized texts from masques to maps negotiated a contemporary ambivalence between Calvinist asceticism and humanist engagement Their authors promoted themselves as artful guides between virtue and profit the study and the marketplace This multi disciplinary work will be of interest to all disciplines affected by the recent spatial turn in early modern cultural studies and particularly to students and researchers in literature history and geography *The Publications of the Thoresby Society* Thoresby Society,1983 **National Agricultural Library Catalog, 1966-1970** National Agricultural Library (U.S.),1973 *The Market in History (Routledge Revivals)* A.J.H. The Puritan Ideology of Mobility Scott McDermott, 2022-02-01 The Puritan Ideology of Mobility Corporatism the Politics of Place and the Founding of New England Towns before 1650 examines the ideology that English Puritans developed to justify migration their migration from England to New England migrations from one town to another within New England and often their repatriation to the mother country Puritan leaders believed firmly that nations colonies and towns were all bodies politic that is living and organic social bodies However if a social body became distempered because of scarce resources or political or religious discord it became necessary to create a new social body from the old in order to restore balance and harmony The new social body was articulated through the social ritual of land distribution according to Aristotelian distributive justice The book will trace this process at work in the founding of Ipswich and its satellite town in Massachusetts
