Agrarian Transformation in Egypt Nicholas S. Hopkins, 2019-04-08 This book reflects the argument on agrarian transformation in Egypt It focuses on the role of agricultural mechanization in the labor process in rural Egypt The book emphasizes the changing role of the household and the relations between households particularly the role of women and children

Agrarian Transformation in Egypt Charles Paul Schmitz, 1992 The Transformation of Egypt (RLE Egypt) Mark Cooper, 2013-01-03 The assassination of Sadat brings to an end another era in Egyptian history This book examines the crucial issues in the transformation of Egypt in the period between the death of Nasser and the murder of Sadat Focusing on the upheavals in the Egyptian political and economic structure over the last twenty years the book explains the change in Egypt's international orientation through a careful examination of domestic factors The switch from Nasser's state socialist political economy to Sadat's more laissez faire approach and the institutional and structural links between the two are analysed as the key to understanding the dynamic developments within Egypt The book argues that the propagation of a new political economy was the primary basis of Sadat's ability to remain in power while the weaknesses in that economy drove Sadat to seek external solutions and ultimately undermined his domestic support His conduct of the 1973 war his trip to Jerusalem his enthusiasm for the United States and his whole perception of Middle Eastern affairs must be seen in terms of his domestic policies and internal troubles First published 1982

Directions of Change in Rural Egypt Nicholas S. Hopkins, Kirsten Westergaard, 1998 What emerges is a picture of a rural Egypt that is full of life dramatically evolving and treading a delicate line between progress and impoverishment

Agrarian Transformation in Egypt, 2005 **Agrarian Change in Egypt** Samir Radwan, Eddy Lee, 2022-08-30 First published in 1986 Agrarian Change in Egypt based on extensive original research as well as field survey of eighteen villages analyses and explains the changes in the agricultural sector in Egypt It shows how various policies and other factors have affected agricultural output and how developments triggered by the open door policy such as inflation migration and the shift in the pricing system have affected agriculture The Egyptian experience is fairly typical of agrarian change in many parts of the developing world where government reforms in the 1960s and 1970s tried to combine considerations of efficiency and equity but ended up with stagnation The Egyptian case therefore provides a good example of the general crisis in agriculture in the developing world This book is an essential read for scholars and researchers of agricultural economy development studies and political economy

Market-Led Agrarian Reform Saturnino Borras Jr., Cristóbal Kay, Edward Lahiff, 2013-09-13 Three fourths of the world's poor are rural poor Most of the rural poor remain dependent on land based livelihoods for their incomes and reproduction despite significant livelihood diversification in recent years Land issue remains critical to any development discourse today Market led agrarian reform MLAR has gained prominence since the early 1990s as an alternative to state led land reforms This neoliberal policy is based on the inversion of what its proponents see as the features of earlier approaches and calls for redistribution via

privatized decentralized transactions between willing sellers and willing buyers Its proponents especially those associated with the World Bank have claimed success where the policy has been implemented but such claims have been contested by independent scholars as well as by peasant movements who are struggling to gain access to land This book presents three thematic papers and six country studies The thematic papers address issues of formalisation of property rights gendered land rights and neoliberal enclosure These studies demonstrate the pervasive influence of neoliberal ideas on property rights and rural development debates well beyond the core question of land redistribution The country cases bring together experiences from Brazil Guatemala El Salvador Philippines South Africa and Egypt Common findings include the success of landowners in minimising the impact of reform and a lack of post transfer support translating into marginal impact on poverty The limitations of the market led approach and the implications of the studies presented here for the future of agrarian reform are considered in the editors introduction This book was a special issue of The Third World Quarterly

Agrarian transformation in Egypt Caroline Laetitia Tingay, 2006

Steps Taken in the Implementation of Egyptian Agrarian Reform Egypt. Higher Committee for Agrarian Reform, 1955

Class, State and Agricultural Productivity in Egypt Graham Dyer, 2014-03-05

The inverse relationship between farm size and productivity is accepted as a stylized fact of agriculture in developing countries This study uses Egyptian fieldwork data to examine factors creating this relationship and the impact of economic and technological change on the relationship
