Agriculture And Economic Development In Nigeria A Prescription For The Nigerian Green Revolution:

Agriculture and Economic Development in Nigeria Adekunle Folayan,1983 *Agriculture and Economic Development in Nigeria* Adekunle Folayan,1983 **Understanding Modern Nigeria** Toyin Falola,2021-06-24 An introduction to the politics and society of post colonial Nigeria highlighting the key themes of ethnicity democracy and development

Resource Utilization and Management Dennis Arekpita Ogirri,2012-07-18 This book is on the study of resource utilization and management a case study of the impact of state land ownership and land use regulation on development in Nigeria from 1955 1985 In 1978 the Federal Military Government of Nigeria promulgated a Land Use Decree whose objectives were to introduce a uniform land policy for the whole country control hoarding and speculating in land and facilitate the allocation of land for national development However critics of the decree argued that the new land policy amounted to nationalization of land in the country and wondered whether such development strategy was appropriate in the 21st century In light of the foregoing this author examined the impact of the new land policy on development in Nigeria from 1955 1985 using qualitative and quantitative methods The beginning and end of the study period coincide with the end of the colonial development plans that started in 1946 and ushered in Nigerias independence in 1960 and the end of the fourth national development plan of 1981 1985 under the military government that overthrew the civilian government in 1966 The study in this book is significant because of the importance of land as one of the most important factors of production in any society others being labor capital entrepreneurship and information resources The implementation problems associated with the new land use law are highlighted This author believes however that it is necessary that further research should be undertaken continually in the future especially with a view to examining the effectiveness of the implementation experiences since the promulgation of the land use law in 1978 **Abstracts on Tropical Agriculture** ,1985-12 *African Development Perspectives Yearbook* ,1990 *West Africa* ,1985 **Nigeria** Robert A. Myers,1989 **A Current Bibliography on African Affairs** ,1985 *Diversity Management:* Dennis Arekpita Ogirri Ph.D. MURP,2019-08-19 In this book this author utilizes various concepts theories analytical methods techniques and practical knowledge and expertise propounded or espoused by scholars and experts with differing worldviews that tend to facilitate the understanding of diversity and diversity management in the global village Some of the perspectives are based on philosophical ideological and cultural orientations of scholars statesmen and experts from the various geopolitical regions of the world Some of the discussion may evoke some controversial thought processes that are considered necessary for healthy debate on the issues of diversity and diversity management from interdisciplinary multidisciplinary and trans disciplinary perspectives However there is more emphasis on global and interdisciplinary perspectives in the discussion of diversity and diversity management in this book The purpose of this book is to refocus attention on the issues of diversity and diversity management but from global and interdisciplinary perspectives The book contributes to the continuing discourse on diversity and diversity

management by presenting some conventional and less controversial theories and models as well as some traditionally controversial ones for managing diversity in the workplace in particular and in society in general Whereas much has been written in the past about the debate over which strategies are best for managing diversity new study dimensions in the era of globalization of business economic political and socio cultural relations now require the revisiting of the issues of diversity and diversity management from global and interdisciplinary perspectives Existing published research on diversity management does not focus on both the global and interdisciplinary perspectives

University of Illinois at Urbana-Champaign,1981 The Road Oft Traveled John J. Quinn,2002-03-31 Many scholars of sub Saharan Africa agree that inward oriented development policies have hampered economic development in the region Quinn questions traditional explanations for the low economic growth levels of sub Saharan African countries by showing that majority state ownership of enterprise is a sufficient condition for inward oriented policies and that this variable is a better predictor of such policies than other current explanations in the development literature Supporting his observations through compelling case studies Quinn offers a major statement that will be of interest to anyone concerned about African political and economic conditions and the future welfare of African peoples struggling to come to terms with the imperatives of a changing global economy
