Aguilas Animales En Accion:

Felicidad en acción Adam Adatto Sandel, 2024-09-12 Adam Adatto Sandel asegura que la clave de la felicidad no está donde solemos buscarla sino en el camino de forjar nuestra vida según tres virtudes: el autodomínio, la amistad y el compromiso con la naturaleza. Qué significa tener una buena vida. Para ofrecer una respuesta original a esta pregunta tan antigua y propia del ser humano, el joven filósofo convoca a pensadores antiguos y modernos y acude a dos de sus mayores aficiones: aparentemente muy alejadas, la filosofía y el ejercicio físico. Sandel revela que la plenitud proviene de nuestra inmersión en actividades intrínsecamente gratificantes en esos momentos que nos dejan absortos y en construir una vida coherente en torno a ellos. En el centro de su visión está la idea de la vida como un viaje y la convicción de que nuestra obsesión por alcanzar metas nos aleja de aquellas tres virtudes fundamentales que nos permiten hacer realidad el ideal de vivir el momento y estar plenamente presentes en lo que hacemos. Para ilustrar la lucha por alcanzar estas virtudes, Sandel recurre a la literatura, el cine y la televisión pero también a sus propias experiencias y retos entre estos su sorprendente récord Guinness de mayor número de dominadas en un minuto. Sandel vuelve la filosofía accesible a todos aquellos lectores que de maneras muy diversas luchan con la tensión entre lograr sus objetivos y aceptar lo que les ha dado la vida. La crítica ha dicho: A través de un compromiso reflexivo con la filosofía antigua, Sandel demuestra que todavía hay nuevos argumentos sobre cómo vivir una vida plena. A medio camino entre un erudito manual de autoayuda y un tratado filosófico accesible, este libro da mucho más que pensar.
