Ah Pook Is Here And Other Texts:

Ah Pook is Here, and Other Texts William S. Burroughs, 1979 *Shift Linguals* Edward S. Robinson, 2011 *Shift Linguals* traces a history of the cut up method the experimental writing practice discovered by Brion Gysin and made famous by Beat author William S Burroughs From the groundbreaking works of Dada and Surrealism that paved the way for Burroughs breakthrough through the countercultural explosion of the 1960s *Shift Linguals* explores the evolution of the cut ups within the theoretical frameworks of postmodernism and the avant garde to arrive at the present and the digital age Some 50 years on from the first discovery of the cut ups in 1959 it is only now that we are truly able to observe the method s impact not only on literature but on music and culture in a broader sense The result of over nine years of research this study represents the first sustained and detailed analysis of the cut ups as a narrative form With explorations of the works of Burroughs Gysin Kathy Acker and John Giorno it also contains the first critical writing on the works of Claude P lieu and Carl Weissner in English as well as the first in depth discussion of the writing of Stewart Home to date **Media Ecologies** Matthew Fuller, 2005 A dirty materialist ride through the media cultures of pirate radio photography the Internet media art cultural evolution and surveillance **Wising Up the Marks** Timothy S. Murphy, 1998-01-05 William S Burroughs is one of the twentieth century s most visible controversial and baffling literary figures In the first comprehensive study of the writer Timothy S Murphy places Burroughs in the company of the most significant intellectual minds of our time In doing so he gives us an immensely readable and convincing account of a man whose achievements continue to have a major influence on American art and culture Murphy draws on the work of such philosophers as Gilles Deleuze F lix Guattari Theodor Adorno and Jean Paul Sartre and also investigates the historical contexts from which Burroughs s writings arose From the paranoid isolationism of the Cold War through the countercultural activism of the sixties to the resurgence of corporate and state control in the eighties Burroughs s novels films and music hold a mirror to the American psyche Murphy coins the term amodernism as a way to describe Burroughs s contested relationship to the canon while acknowledging the writer s explicit desire for a destruction of such systems of classification Despite the popular mythology that surrounds Burroughs his work has been largely excluded from the academy of American letters Finally here is a book that presents a solid portrait of a major artistic innovator a writer who combines aesthetics and politics and who can perform as anthropologist social goad or media icon all with consummate skill **Critical Vices** Nicholas Zurbrugg, Warren Burt, 2005-07-15 First published in 2000 Routledge is an imprint of Taylor Francis an informa company [The Cambridge Handbook of American Literature](#) Jack Salzman, 1986-08-29 The Cambridge Handbook of American Literature offers a compact and accessible guide to the major landmarks of American literature **Naked Lens** Jack Sargeant, 2011-04-25 Celebrating the celluloid expression of the Beat spirit arguably the most sustained legacy in U S counterculture *Naked Lens* is a comprehensive study of the most significant interfaces between the Beat writers Beat culture and cinema *Naked Burroughs Unbound* S. E. Gontarski, 2021-11-18 In

addition to contributing significantly to the growing field of Burroughs scholarship Burroughs Unbound also directly engages with the growing fields of textual studies archival research and genetic criticism asking crucial questions thereby about the nature of archives and their relationship to a writer's work These questions about the archive concern not only the literary medium In the 1960s and 1970s Burroughs collaborated with filmmakers sound technicians and musicians who helped re-contextualized his writings in other media Burroughs Unbound examines these collaborations and explores how such multiple authorship complicates the authority of the archive as a final or complete repository of an author's work It takes Burroughs seriously as a radical theorist and practitioner who critiqued drug laws sexual practice censorship and what we today call a society of control More broadly his work continues to challenge our common assumptions about language authorship textual stability and the archive in its broadest definition

The Spiritual Imagination of the Beats David Stephen Calonne, 2017-08-17 The first comprehensive study to explore the role of esoteric occult alchemical shamanistic mystical and magical traditions in the work of major Beat authors

Retaking the Universe Davis Schneiderman, Philip Walsh, 2004-05-20 William S Burroughs is one of America's most influential and widely studied writers A leading member of the Beat movement his books and essays continue to attract a wide readership His films paintings recordings and other projects that grew out of his literary production together with his iconic persona as a counter culture anti hero mean his work has become a broad cultural phenomenon This collection of essays by leading scholars offers an interdisciplinary consideration of Burroughs's art It links his lived experience to his many major prose works written from 1953 on as well as his sound cinema and media projects Moving beyond the merely literary the contributors argue for the continuing social and political relevance of Burroughs's work for the emerging global order Themes include Burroughs and contemporary theory debates on reality violence magic and mysticism cybernetic cultures language and technology control and transformation transgression and addiction the limits of prose image politics and the avant garde

The Bookseller, 1982 *The*

Intermediality of Contemporary Visual Arts Asun López-Varela Azcárate, 2023-11-22 The *Intermediality of Contemporary Visual Arts* explores a range of topics within the field. The volume delves into the realm of intermediality within the visual arts. Each chapter explores a different aspect from the evolution of Intermedial Studies over the past decades to the shifts in print typography and the emergence of cut ups within a context of resistance against conventions the concept of Visual Music and its relation to pioneering filmmaking visual representations of intimacy as they evolve from painting to other visual formats like comics film and television and finally the transmedial potential of cultural symbols in virtual reality all of which involve greater multimodal and emotional elements that enhance audience immersion. The volume closes by highlighting the need for a comprehensive approach to visual art education and pedagogical methods that foster creativity emphasizing the intermedial aspects present in contemporary visual arts.

Brainwashing David Seed, 2004 An examination of the literary and cinematic representations of brainwashing during the Cold War era. CIA operative who was a tireless campaigner against communism it took hold quickly and became a means to articulate fears of totalitarian tendencies in American life. David Seed traces the assimilation of the notion of brainwashing into science fiction political commentary and conspiracy narratives of the Cold War era. He demonstrates how these works grew out of a context of political and social events and how they express the anxieties of the time. *The Manchurian Candidate* Seed provides new interpretations of writers such as Orwell and Burroughs within the history of psychological manipulation for political purposes using declassified and other documents to contextualise the material he explores the shifting view points of how brainwashing is represented changing from an external threat to American values to an internal threat against individual American liberties by the U S government will welcome this study.

The Beats in Mexico David Stephen Calonne, 2022-04-15 Mexico features prominently in the literature and personal legends of the Beat writers from its depiction as an extension of the American frontier in Jack Kerouac's *On the Road* to its role as a refuge for writers with criminal pasts like William S Burroughs. Yet the story of Beat literature and Mexico takes us beyond the movement's superstars to consider the important roles played by lesser known female Beat writers. The first book length study of why the Beats were so fascinated by Mexico and how they represented its culture in their work this volume examines such canonical figures as Kerouac Burroughs Ginsberg Lamantia McClure and Ferlinghetti. It also devotes individual chapters to women such as Margaret Randall Bonnie Bremser and Joanne Kyger who each made Mexico a central setting of their work and interrogated the misogyny they encountered in both American and Mexican culture. *The Beats in Mexico* not only considers individual Beat writers but also places them within a larger history of countercultural figures from D H Lawrence to Antonin Artaud to Jim Morrison who mythologized Mexico as the land of the Aztecs and Maya where shamanism and psychotropic drugs could take you on a trip far beyond the limits of the American imagination.

The Parameters of Postmodernism Nicholas Zurbrugg, 2003-09-02 This ground breaking work offers a challenging and positive view of postmodern culture. It draws on the author's extensive interviews with a number of leading

postmodern artists writers and performers including Jean Baudrillard Samuel Beckett John Cage Phillip Glass The Parameters of Postmodernism focuses on both the prevailing negative theories of postmodernism and the more positive aspects of postmodern theory and practice The negative aspect is exemplified by the work of writers like Brecht Beckett Barthes and Baudrillard who emphasise the death of artistic innovation and the lack of a permanent reality Zurbrugg highlights the contradictions in the arguments of these writers and examines the later works in which they qualify their earlier more infamous statements The positive aspect is characterised by artists such as Cage Glass and Monk who interweave the new postmodern media with confidence and invention and Eco Grass and Wolf who revive mythological and folkloric traditions The Parameters of Postmodernism argues that in each case high tech or revivalist postmodern creativity culminates in a highly positive synthesis of past present and futuristic materials

Community, Space and Online Censorship Scott Beattie, 2016-05-23 Internet censorship is a controversial topic while the media periodically sounds alarms at the dangers of online life the uncontrollable nature of the internet makes any kind of pervasive regulatory control impossible This book compares the Australian solution a set of laws which have been criticized as being both draconian and ineffectual to major regulatory systems in the UK and US and understanding what drives them The impossibility of internet regulation opens deeper issues what do we mean by regulation and how do we judge the certainty and effectiveness of law These questions lead to an exploration of the theories of legal geography which provide tools to understand and evaluate regulatory practices The book will be a valuable guide for academics students and policy makers working in media and censorship law those from a civil liberties interest and people interested in internet theory generally

Authors and Art Movements of the Twentieth Century Declan Lloyd, 2022-12-30 This book explores the great influence of twentieth century artists and art movements on many major writers of the twentieth century It focuses in particular on four seminal writers who were strongly influenced by very different movements they are Gertrude Stein and Cubism William S Burroughs and Dada J G Ballard and Surrealism and Douglas Coupland and Pop Art For these authors the presence and influence of these art movements is not limited to a small cluster of texts but can be felt much more expansively across their work infiltrating all manner of multifarious and complex dimensions These authors are all keen to explore new methods of shifting the signature styles and forms of visual art into the literary world Alongside these more overt methods of artistic transposition the authors also often demonstrate a deep philosophical affinity with their chosen movements This book uproots and examines these kinds of artistic engagements and also explores the authors own personal connections with the world of art For these are all authors not only interested in visual art but also intimately connected to the art world Indeed some went on to become renowned artists in their own right while others were closely associated with major historical art figures Above all however they are unified by a kindred interest in exploring how the methods and philosophies of art can be transposed into and even challenge the constraints of traditional forms of literature
