Democracy, Law and the Modernist Avant-Gardes Sascha Bru, 2009-10-20 This is the first book to look at the ties between European modernism and democracy in a cross cultural manner Focusing on the continental avant gardes of the nineteen tens and twenties Sascha Bru s original and provocative book fundamentally revises our understanding of modernism s cultural and political history Bru brings together a wide range of European experimental writers and provides detailed analyses of Italian futurist F T Marinetti German Dadaist Richard Huelsenbeck and Belgian expressionist Paul van Ostaen Bru locates these writers within their exceptional democratic context and demonstrates how the modernist avant garde during the First World War and the upheavals that followed found itself caught up in a series of states of exception In such states legal democratic institutions were bracketed and set aside and literature as an autonomous realm was temporarily suspended Faced with extreme forms of politicisation avant gardists throughout Europe tried to safeguard literature s autonomy in a variety of ways These included turning politics and law into genuinely artistic materials and producing a repertoire of alternatives to existent frameworks of democracy Against assertions that anti art avant garde gestures were meant to overcome art s autonomy and approximate the condition of politics Bru shows that European avant gardists may well have been one of the staunchest defenders of art s sovereignty in modern times Key Features Facilitates dialogue between Anglo American and European modernist studies Presents new interpretations of Berlin Dada futurism and expressionism and brings an innovative historical framework with which to analyse continental modernism Provides an original perspective on modernist writing and theory during the first decades of the foregoing century Offers in the introductory chapter a survey of ways in which to relate experimental writing to politics *Women in German*

Expressionism Anke Finger, Julie Shoults, 2023-08-07 This collection for the first time explores women s self conceptions and representations of women s and gender roles in society in their own Expressionist works How did women approach themes commonly considered to be characteristic of the Expressionist movement and did they address other themes or aesthetics and styles not currently represented in the canon *Women in German Expressionism* centers its analysis on gender together with difference ethnicity intersectionality and identity to approach artworks and texts in more nuanced ways engaging solidly established theoretical and sociohistorical approaches that enhance and update our understanding of the material under investigation It moves beyond the masculine New Man viewpoint so firmly associated with German Expressionism and examines alternative critical and divergent interpretations of the changing world at the time This collection seeks to broaden the theorization scholarship and reception of German Expressionism by much belatedly including works by women and by shifting or redefining firmly established concepts and topics carrying only the imprint of male authors and artists to this day

Prague Territories Scott Spector, 2000-03-01

Scott Spector's adventurous cultural history maps for the first time the territories carved out by German Jewish intellectuals living in Prague at the dawn of the twentieth century Spector explores the social cultural and ideological contexts in which Franz Kafka and his contemporaries flourished revealing previously unseen relationships between politics and culture His incisive readings of a broad array of German writers feature the work of Kafka and the so called Prague circle and encompass journalism political theory Zionism and translation as well as literary program and practice With the collapse of German liberal cultural and political power in the late nineteenth century Habsburg Empire Prague's bourgeois Jews found themselves squeezed between a growing Czech national movement on the one hand and a racial rather than cultural conception of Germanness on the other Displaced from the central social and cultural position they had come to occupy the members of the postliberal Kafka generation were dazzlingly productive and original far out of proportion to their numbers Seeking a relationship between ideological crisis and cultural innovation Spector observes the emergence of new forms of territoriality He identifies three fundamental areas of cultural inventiveness related to this Prague circle's political and cultural dilemma One was Expressionism a revolt against all limits and boundaries the second was a spiritual form of Zionism incorporating a novel approach to Jewish identity that seems to have been at odds with the pragmatic establishment of a

Jewish state and the third was a sort of cultural no man's land in which translation and mediation took the place of territory. Spector's investigation of these areas shows that the intensely particular idiosyncratic experience of German speaking Jews in Prague allows access to much broader and more general conditions of modernity. Combining theoretical sophistication with a refreshingly original and readable style, *Prague Territories* illuminates some early signs of a contemporary crisis from which we have not yet emerged. **Kleine Kulturgeschichte Deutschlands im 20. Jahrhundert** Hermann Glaser, 2002

Expressionism As an International Literary Phenomenon Ulrich Weisstein, 1973-01-01 Ulrich Weisstein's collection of 21 essays offers a comparative study of Expressionism as a Modernist movement whose dynamic core lay in Germany and Austria-Hungary but which transformed artistic practices in other European countries. The focus Weisstein argues must be strictly and sharply aimed at a specific body of works and opinions, a relatively dense core surrounded by a less clearly defined fringe zone indigenous to the German speaking countries. The volume spans an Expressionist period extending from roughly 1910 to 1925. Weisstein himself contributes two introductory chapters on problems of definition and a thoughtful analysis of English Vorticism. An ample context is set by comparative essays concerned with international movements such as Futurism that had an impact on German Expressionist drama, prose and poetry together with essays on the adaptation of Expressionist forms in countries such as Poland, Russia, Hungary, South Slavic nations and the United States. These essays call attention to representative authors and artists as well as to periodicals and artistic circles. Reviewers have praised not only the presentation of literary links and interaction among national cultures but especially the most rewarding interdisciplinary essays on Dada and on Expressionist painting, music and film. **University of Florida Monographs**, 1964 Magischer Realismus als Verfahren der späten Moderne Torsten W. Leine, 2017-12-04 Die Texte des deutschen Magischen Realismus werden in der literaturwissenschaftlichen Forschung zumeist entweder als kuriose Einzeltexte behandelt oder als Teil größerer literarischer Entwicklungen der Zwischenkriegszeit betrachtet. Moderne Klassik Synthetische Moderne Diese Studie weist den Erzähltexten des Magischen Realismus erstmals einen konkreten literaturgeschichtlichen Ort zu, indem gezeigt wird, wie sich die neue literarische Schreibweise ab 1920 als ein nachexpressionistisches Phänomen entwickelt. Im Zentrum der programmatischen und literarischen Texte steht dabei nicht die Auseinandersetzung mit der Neuen Sachlichkeit. Vielmehr entwerfen die magisch realistischen Texte eine Poetik der Mitte, die darauf abzielt, konträre literarische Schreibweisen Realismus, Expressionismus zu integrieren und gegensätzliche weltanschauliche Positionen der Moderne zu vermitteln. Die Studie führt dabei überzeugend vor Augen, in welchen Paradoxien und Aporien die Poetik der Mitte in den untersuchten Texten führt und demonstriert gleichzeitig die Kontinuität des magisch realistischen Modells, das bis 1960 wirksam bleibt und sich so als durchlässig gegenüber klassischen literaturgeschichtlichen Zsuren erweist. **National Union Catalog**, 1979 Includes entries for maps and atlases **Notes** Music Library Association, 1962 *Zivilisationsflucht und Literarische Wunschräume* Wolfgang Reif, **Expressionismus** Thomas Anz, Michael Stark, 2016-12-13 **Books for College Libraries** Melvin John
