Aids The Final And Fatal Foreign Service Boondoggle Memoirs Of A Foreign Service Officer:

AIDS Philip E. Smart, 2003-04 I always thought we were normal Cissy always thought otherwise I mean we didn't know even one single family that had quite the legacy of colorful characters that Mama's family had For more than a century Tranquil Oaks that old ancestral plantation had witnessed quite an assortment of comings and goings of odd and slightly crazy folk I guess one day Cissy just decided to up and join the parade and follow right along behind them Over the past several years ever since Mama and Daddy had to put Cissy away in the sanitarium I've been doing a lot of thinking I'm beginning to believe that she was right all along There was never anything even remotely normal about us **Aids** Philip E. Smart, 2004-08 The reader should know that this work contains the truth and nothing but the truth The facts about the development of the AIDS pandemic are based on personal knowledge direct conversations with eyewitnesses to the programs and practices mentioned and information from reliable sources listed in the Bibliography Some names have been changed to protect the innocent attribute each statement to a source I will leave that to more scholarly works they are included I don't believe that anyone mentioned in this book did anything other than his best to carry out his function and that it is the hand of nature itself that transmuted well intentioned acts into the engine that created and spread the virus that has changed the lives of all humanity read no further Alternative Press Index, 2003 *Something Will Come Along* Malcolm Lawrence, 2003 *Foreign Body in the Eye* Charles Mott-Radclyffe, 1975 *No Fixed Address* Harry Carter, 1988 In Those Days James William Spain, 1998 An autobiography of a 20th century American diplomat who spent most of his life in high level diplomacy in Asia and Africa His Foreign Service career brought postings in Islamabad Istanbul and Ankara and four ambassadorships in Tanzania Turkey the UN and Sri Lanka **Echoes of a Distant Clarion** John G. Kormann, 2007 This book gives an inside view of 20th century national and international events through the life of a diplomat soldier and intelligence officer Engaging boyhood experiences are followed by pioneer paratrooper training and combat in Europe in World War II Assigned as special agent Kormann goes behind the lines to apprehend Nazi war criminals and uncover a mass grave As an Army Counter Intelligence Corps field office commander in Berlin 1945-47 he is assigned to track down Hitler's deputy Martin Bormann and the American traitor Axis Sally He foresees the Soviet threat and the coming Cold War rescues a German scientist from the Soviet NKVD in a case that made international headlines and reveals Russian espionage and kidnapping efforts As a new State Department officer in 1950 Kormann is placed in charge of three counties in Bavaria in the final days of the American occupation of Germany where the requisitioning of land for a NATO tank training area displaces thousands of Germans and creates an uproar In subsequent Cold War assignments he is involved in historic actions the abortive Hungarian Revolution international efforts to deal with the Russians the U-2 spy plane affair and the Berlin Wall He served as political officer at Embassy Manila at the onset of the Marcos regime as officer in charge at Embassy Benghazi Libya when it was attacked and burned during the 1967 Arab Israeli War as deputy chief of mission at Embassy Cairo during

the Kissinger Middle East shuttle diplomacy and on the staff of George H W Bush when he was Director of Central Intelligence John Kormann's memoir is timely and significant an engrossing chronicle of one Foreign Service officer's courage commitment and good sense in war and in peace His personal life and professional achievements as a diplomat and earlier as a military officer in postwar Germany trace the trajectory of America's emergence as the dominant superpower in the twentieth century providing a ground level perspective on many of the major crises that punctuated the Cold War era The Hon DANIEL A O DONOHUE President Diplomatic and Consular Officers Retired John Kormann's book runs the gamut from harrowing incidents to hilarious vignettes His experiences reflect just how exciting and diverse a career in foreign service can be Particularly noteworthy is the way he used his diplomatic and military skills to benefit both sectors This memoir provides real insight into the challenges the author and his family faced on four continents The Hon KENNETH L BROWN President Association for Diplomatic Studies and Training Ambassador's Apprentice Everett Ellis Briggs, 2018-09-22 Most people have some idea of what an ambassador does but few are aware of what life and work is like for the career Foreign Service folk who populate our missions abroad and provide continuity and guidance to the policy makers in Washington This book more than fills that gap It is the story of one Foreign Service Officer's career as he works his way rung by slippery rung up the ranks as an ambassador's apprentice With candor insight and humor Everett Ted Briggs recounts what it was like to be the most junior officer at the US embassy in La Paz Bolivia gasping for air at 12 500 feet above sea level an aide to the top State Department official in occupied Berlin when the wall went up consul general in Angola when revolution in Portugal ended five hundred years of colonial rule and deputy chief of mission in Paraguay and Colombia at the start of the so called war on drugs Interspersed among foreign assignments was duty in Washington stressful from a financial standpoint but good for the career and for the five Briggs children Briggs's memoir is rich in description of people some in high places and of the shifting environment in which he found himself His comments on issues and policies are particularly cogent and timely As he says in his preface May this book help make the nuts and bolts of diplomacy more understandable if not necessarily plausible and provide a few verities for future generations of aspiring diplomats to ponder **The Incidental Oriental Secretary and Other Tales of Foreign Service** Richard L. Jackson, 2016-07-13 This memoir attempts to capture the humor and sheer incongruity of working across cultures in an international career spanning diplomacy and education Written in a light hearted tone it also delves into tragic consequences in countries such as Somalia Libya and Greece While critical in many respects of US foreign policy it also hopes to attract adventurous young men and women of today's generation to possible careers in diplomacy The author uses humor and anecdote to highlight the monumental changes in the world environment and practice of diplomacy in the short space of a single career The book features cover art and interior sketches by Eliza Jackson **On Distant Service** Susan M. Stein, 2020-07-01 On July 18 1924 a mob in Tehran killed U S foreign service officer Robert Whitney Imbrie His violent death the first political murder in the history of the service outraged the American

people Though Imbrie's loss briefly made him a cause célèbre subsequent events quickly obscured his extraordinary life and career Susan M Stein tells the story of a figure steeped in adventure and history Imbrie rejected a legal career to volunteer as an ambulance driver during World War I and joined the State Department when the United States entered the war Assigned to Russia he witnessed the October Revolution fled ahead of a Bolshevik arrest order and continued to track communist activity in Turkey even as the country's war of independence unfolded around him His fateful assignment to Persia led to his death at age forty one and set off political repercussions that cloud relations between the United States and Iran to this day Drawing on a wealth of untapped materials *On Distant Service* returns readers to an era when dash and diplomacy went hand in hand ***The Memoirs of Ambassador J. Graham Parsons*** Robert D. Eldridge, 2022-06 This book presents the memoirs of the late well known and highly respected US diplomat J Graham Parsons who served in pre war Japan China and Cuba Canada and Washington DC during World War II and postwar India Japan Laos and Sweden among other assignments As the memoir makes clear Ambassador Parsons interacted with some of the most famous figures in 20th century politics and diplomacy Scholars have accused him of being a hawk but the reader will discover he was more nuanced than that He was loyal to his employer and thus reflected the policies but not necessarily the politics of a particular administration Indeed he was a traditional diplomat of the old school and expressed concerns in the concluding chapter about how diplomacy specifically the State Department was evolving and the over politicization of American foreign policy prior to his passing in 1991 just shy of his 84th year ***I Dips My Lid*** Edwin Ride, 1991 Autobiography of the professional life of the author who worked as a diplomat in the foreign service in India Burma Peru Turkey Canada the US and South Africa and who later turned to writing and acting ***Without Let Or Hindrance*** Eric Arthur Cleugh, 1960 *Attaché Adventures Abroad* Gilbert E. Bursley, 1994 *Funny in Parts* John J. Eddy, 2011 Panama Echoes From A Revolution is based on the real life experience of Thomas James Bleming In 1979 he was part of a privately funded group of American citizens who invaded the Republic of Panama with the intention on overthrowing the military dictatorship of Brig General Omar Torrijos He joins a Panamanian guerrilla movement along with other American citizens and they commence to lay out a plan to overthrow Torrijos and while in the process they plan to assassinate his military intelligence chief Manuel Noriega

Three Embassies, Four Wars Ronald E. Neumann, 2017-11-06 *Three Embassies Four Wars* is a finely honed insider's account of the challenges American diplomats face in hammering out policies to deal with an increasingly turbulent Islamic World It's also a great story of what a life in the U S Foreign Service is really like Neumann offers many cogent insights into the ways a skilled well trained diplomat can handle seemingly never ending crises and promote important U S interests Ambassador Howard B Schaffer Georgetown University School of Foreign Service *The Incidental Oriental Secretary and Other Tales of Foreign Service* Richard L. Jackson, 2016-07-13 This memoir attempts to capture the humor and sheer incongruity of working across cultures in an international career spanning diplomacy and education Written in a light

hearted tone it also delves into tragic consequences in countries such as Somalia Libya and Greece While critical in many respects of US foreign policy it also hopes to attract adventurous young men and women of today s generation to possible careers in diplomacy The author uses humor and anecdote to highlight the monumental changes in the world environment and practice of diplomacy in the short space of a single career The book features cover art and interior sketches by Eliza Jackson

A Professional Foreigner Edward Marks, 2023-04 Young American Foreign Service officers are accustomed to being teased by friends and relatives as to what they do in the Foreign Legion or the Forest Service In the United States unlike in many countries the role of a professional diplomat is little known or understood In *A Professional Foreigner* Edward Marks describes his life as an American diplomat who served during the last four decades of the twentieth century from 1959 to 2001 Serving primarily in Africa and Asia Marks was present during the era of decolonization in Africa but always seemed to be at the opposite end of the continent from the hottest developments was intimately involved in the early days of the U S government s antiterrorism programs observed the unfolding of a nasty and tragic ethnic conflict in one of the most charming countries in the world and saw the end of the Cold War at UN headquarters in New York Along the way Marks served as the U S ambassador to two African nations In this memoir Marks depicts a Foreign Service officer s daily life providing insight into the profession itself and what it was like to play a role in the steady stream of history in a world of quotidian events often out of the view of the media and the attention of the world Marks s stories such as rescuing an American citizen from a house of ill repute in Mexico and the attempt to recruit mongooses for drug intervention in Sri Lanka are both entertaining and instructive on the work of diplomats and their contributions to the American story

Bush Hat, Black Tie Howard R. Simpson, 1998 An inside look at life in the U S Foreign Service from the bush hat worn on the battlefields of French Indochina to the black ties sported at the Cannes Film Festival
