Air quality Great Britain: Parliament: House of Commons: Environmental Audit Committee, 2011-11-14 Dangerous levels of particulate matter PM2.5 or PM10 and chemicals such as NO2 in the air are contributing to tens of thousands of early deaths every year in UK cities Yet the Committee found that Ministers appear to be actively trying to dilute safety standards to avoid EU fines 30 000 deaths in the UK were linked to air pollution in 2008 with 4 000 in London alone But business plans produced by the Department for Transport and Defra do not even mention air quality despite a commitment in the Coalition agreement to work towards full compliance with EU air quality standards The Government will be able to pass EU fines for air pollution breaches to local authorities subject to new procedures in the Localism Bill However this report raises a number of concerns about the ability of councils to tackle this problem without coordination and assistance from central Government and points out that the causes of poor air quality are often beyond an individual authority's control The committee is calling on the Government to establish a national framework of low emissions zones to help local authorities reduce traffic pollution It is also urging Ministers to launch a public awareness campaign to drive air quality up the political agenda Under European Union air quality laws the daily pollution levels of PM10 must not be above the legal limit on more than 35 days in a year By the 21 April 2011 London had already exceeded this year's target according to the Campaign for Clean Air in London

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
