**Administrative Law** Steven J. Cann, 2005-08-11 In this new edition author Steven J Cann once again enlivens the topic of United States administrative law through the use of recent and classic legal cases to make it accessible and interesting to students Administrative Law Fourth Edition is an engaging casebook that presents a unique problem solving framework that contrasts democracy with the administrative state This novel approach places the often complex subject matter of U S administrative law into a more comprehensible context The Fourth Edition has been completely updated and revised and includes many new cases to reflect changes in the law since the year 2000 *The Shape of Agency* Joshua Shepherd, 2021 This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations 0The Shape of Agency offers interlinked explanations of the basic building blocks of agency as well as its exemplary instances The first part offers accounts of a collection of related phenomena that have long troubled philosophers of action control over behaviour non deviant causation and intentional action These accounts build on earlier work in the causalist tradition and undermine the claims made by many that causalism cannot offer a satisfying account of non deviant causation and therefore fails as an account of intentional action The second part turns to modes of agentive excellence ways that agents display quality of form providing a novel account of skill including an account of the ways that agents display more or less skill Shepherd discusses the role of knowledge in skill and concludes that while knowledge is often important it is inessential This leads to a discussion of the way that knowledge of action and knowledge of how to act informs action execution Knowledgeable action includes a unique epistemic underpinning in knowledgeable action the agent has authoritative knowledge of what she is doing and how she is doing it when and because she is poised to control her action by way of practical reasoning *Federal Register*, 2013-10 "Government in the Sunshine" United States.
