Aging World The:

An Aging World DIANE Publishing Company,1993-05 Shows that the world s elderly population is growing faster than the total population by 800 000 persons each month It is projected that by the year 2010 the worldwide growth of the elderly will be over 1 1 million people a month Consists of demographic social and economic data in 50 countries in both developed and developing nations Charts tables and graphs The Aging World Anil Bagchi,2005 The world is full of disparities where graying appears as a new social element The demographic change along with the differences in wealth and knowledge will greatly influence the future Globalization will be faster and the knowledge network stronger The slender family and the empty home will see growth of new human emotions which will break away from the confines of biological compulsions Remaining in touch with the planetary network will be the way of the future man Working for the network will be his purpose of life The Aging World is an exploration of the developing challenge The future will not happen it will have to be created in the close world The billion strong elderly will have to join the mainstream economy as the age integrated society will not afford their leisure Prof Ranjit Kumar Chandra the noted immunologist writes Humans are complex organisms their evolution is a result of complex interactions of genes and environment Bagchi has attempted the almost impossible task of looking at the interplay of history demography macroeconomics and sociology and its impact on the aging of world populations His analyses appear convincing It will be interesting to watch how his predictions will unfold in reality *An Aging World* Barbara Boyle Torrey,Kevin G. Kinsella,Cynthia Murray Taeuber,1987 **Latinos in an Aging World** Ronald J. Angel,Jacqueline L. Angel,2014-07-25 This book fosters a deeper understanding of the growing Latino elderly population and the implications on society It examines post WWII demographic and social changes and summarizes research from sociology psychology economics and public health to shed light on the economic physical and mental well being of older Latinos The political and cultural implications including possible policy changes are also considered Written in an engaging style each chapter opens with a vignette that puts a human face on the issues Boxed exhibits highlight social programs and policies and physical and mental health challenges that impact Latino elders Web alerts direct readers to sites that feature more detailed information related to the chapter s issues Each chapter also features an introduction examples tables figures a summary and discussion questions The self contained chapters can be presented in any order Latinos in an Aging World explores Real world problems individuals face in dealing with poverty immigration and health and retirement decisions The latest data on Latinos as compared to research on African and Asian Americans where appropriate The unique historical demographic social familial and economic situations of various Latino subgroups including those from Mexico Puerto Rico and Cuba How ethnicity affects one s position of wealth and power and sense of citizenship The consequence of life long disadvantages and stigmatization on economic physical and mental well being The impact of one s neighborhood and the proximity to those from similar cultures on quality of life The introduction motivates the book and sets the stage for the entire discussion Chapter 1

reviews the histories of the major Hispanic subgroups along with various theories as they relate to race ethnicity and gender that provide a conceptual framework for understanding the later chapters Demographic economic and social profiles of the various Hispanic subgroups are explored in chapter 2 Next the Latino population is explored from various perspectives including the economic and social situations of men and women and their educational marital and family and labor force experiences Chapter 4 examines older immigrants and their families and identifies the resources available to them in their communities that often replicate the cultural and social support system of the old country Major health risks that older Latinos face as a result of the disadvantages they experience throughout life are examined in chapter 5 Family situations and long term care and living arrangements of older Hispanics are examined in chapter 6 The impact of neighborhood on quality of life in terms of safety and physical and mental wellbeing is explored in chapter 7 The burden that eldercare can place upon those who bear the responsibility of their daily care is explored in chapter 8 Chapter 9 investigates the gaps in income between minority and non Hispanic white Americans and reviews what individuals with few resources need to know about financial management The book concludes with the social political and economic implications of the growing Hispanic population and the role of NGOs and other organizations in providing services to older populations Intended for courses on Latinos and aging diversity race and ethnicity minorities and aging adult development and aging the psychology or sociology or politics of aging geriatric social work public health and aging global aging social or family policy and health and society taught in the behavioral and social sciences ethnic or Latin American Chicano Studies this book also appeals to researchers and practitioners who work with Hispanic families

Developments in the Economics of Aging David A. Wise, 2009-08-01 The number of Americans eligible to receive Social Security benefits will increase from forty five million to nearly eighty million in the next twenty years Retirement systems must therefore adapt to meet the demands of the largest aging population in our nation s history In *Developments in the Economics of Aging* David A Wise and a distinguished group of analysts examine the economic issues that will confront policy makers as they seek to design policies to protect the economic and physical health of these older Americans The volume looks at such topics as factors influencing work and retirement decisions at older ages changes in life satisfaction associated with retirement and the shift in responsibility for managing retirement assets from professional money managers of traditional pension plans to individual account holders of 401 k s *Developments in the Economics of Aging* also addresses the complicated relationship between health and economic status including why health behaviors vary across populations and how socioeconomic measures correlate with health outcomes

[A Clinical Approach to Geriatric Rehabilitation](#) Jennifer Bottomley, Carole Lewis, 2024-06-01 The field of geriatric rehabilitation is constantly changing due to the discovery of new evidence based evaluation and treatment strategies as well as the continual support or refutation of older theories and practices Now in its Fourth Edition *A Clinical Approach to Geriatric Rehabilitation* has been updated to be at the forefront of these changes and includes free video content from MedBridge and a discount on a MedBridge subscription to geriatric rehabilitation courses offered by the authors Drs Jennifer M Bottomley and Carole B Lewis have compiled the plethora of available scientific research on geriatric populations and combined it with their years of actual clinical practice Together this makes this text a complete evidence based guide to the clinical care of geriatric patients and clients The first part of *A Clinical Approach to Geriatric Rehabilitation* Fourth Edition tackles applied gerontological concepts providing the general knowledge base necessary for treating geriatric patients Topics in this section include patient evaluation an exploration of nutritional needs and age related changes in physiology and function as well as many other foundational areas In the second section topics become more focused on patient care concepts like neurologic considerations cardiopulmonary and cardiovascular considerations and establishing community based screening programs In the final section chapters center on administration and management including important subjects such as attitudes ethics and legal topics as well as consultation and research New and updated in the Fourth Edition Pearls section for succinct highlights of the content within each chapter The latest evidence based practice interventions with complete references for further

reading Updated graphics pictures and diagrams to illustrate the content Content summaries and streamlined text for enhanced readability Updated case studies to exemplify clinical decision making Designed to provide valuable real life clinical knowledge A Clinical Approach to Geriatric Rehabilitation Fourth Edition gives physical therapists an evidence based guide to the clinical aspects of rehabilitative care in older adult patients and clients Global Perspectives on the Opportunities and Future Directions of Health Tourism Doğan, Oğuz,2023-02-17 Millions of patients travel abroad every year and the number of trips around the world to benefit from health services is increasing The high level of global demand for health services has influenced the rapid development of the tourism industry Many destinations providing high quality healthcare services at low prices have emerged Due to these developments in the industry the health tourism market one of the fastest growing markets has emerged Countries operating in the industry are also striving to increase their market shares Therefore it is important to understand the dynamics of this global phenomenon Global Perspectives on the Opportunities and Future Directions of Health Tourism provides new theoretical practical and strategic insights into the field of health tourism It discusses in detail the health tourism industry and its importance for the global economy countries and destinations Covering topics such as elderly consumers historical development and image and branding this premier reference source is an essential resource for government officials hospital administrators policymakers business managers and executives students and educators of higher education librarians researchers and academicians *Globalism in the Middle Ages and the Early Modern Age* Albrecht Classen,2023-09-05 Although it is fashionable among modernists to claim that globalism emerged only since ca 1800 the opposite can well be documented through careful comparative and transdisciplinary studies as this volume demonstrates offering a wide range of innovative perspectives on often neglected literary philosophical historical or medical documents Texts images ideas knowledge and objects migrated throughout the world already in the pre modern world even if the quantitative level compared to the modern world might have been different In fact by means of translations and trade for instance global connections were established and maintained over the centuries Archetypal motifs developed in many literatures indicate how much pre modern people actually shared But we also discover hard core facts of global economic exchange import of exotic medicine and on another level intensive intellectual debates on religious issues Literary evidence serves best to expose the extent to which contacts with people in foreign countries were imaginable often desirable and at times feared of course The pre modern world was much more on the move and reached out to distant lands out of curiosity economic interests and political and military concerns Diplomats crisscrossed the continents and artists poets and craftsmen traveled widely We can identify for instance both the Vikings and the Arabs as global players long before the rise of modern globalism so this volume promises to rewrite many of our traditional notions about pre modern worldviews economic conditions and the literary sharing on a global level as perhaps best expressed by the genre of the fable Public Policy and the Old Age Revolution in Japan Scott A.
