Agricultural Productivity And Regional Imbalances:

Agricultural Productivity and Regional Imbalances Mohammad Shafi, 1983 REGIONAL IMBALANCES IN AGRICULTURAL DEVELOPMENT (A case study of Uttar Pradesh) Dr. Sangeeta Sirohi, 2022-05-16 The increasing interest of academicians in studies regarding regional disparities in development is the outcome of the First and Second World War when many colonies attained political independence and consequently became conscious of the distressing disparity between them and their erstwhile colonial masters The world is divided into the developed North and developing South with many shades of disparities at varying regional levels This dualism could not escape the attention of academicians decision makers and administrators In developing countries the problem of regional disparity is explosive So all countries have been attempting to find ways and means to analyze and reduce the regional disparities in development For this they could refashion the structure and composition of growth so that it would meet the demands of social justice *Liberalization, Growth and Regional Disparities in India* Madhusudan Ghosh, 2013-01-18 Upon the backdrop of impressive progress made by the Indian economy during the last two decades after the large scale economic reforms in the early 1990s this book evaluates the performance of the economy on some income and non income dimensions of development at the national state and sectoral levels It examines regional economic growth and inequality in income originating from agriculture industry and services In view of the importance of the agricultural sector despite its declining share in gross domestic product it evaluates the performance of agricultural production and the impact of agricultural reforms on spatial integration of food grain markets It studies rural poverty analyzing the trend in employment the trickle down process and the inclusiveness of growth in rural India It also evaluates the impact of microfinance as an instrument of financial inclusion on the socio economic conditions of rural households Lastly it examines the relative performance of fifteen major states of India in terms of education health and human development An important feature of the book is that it approaches these issues applying rigorously advanced econometric methods and focusing primarily on their regional disparities during the post reform period vis vis the pre reform period It offers important results to guide policies for future development **Agricultural Production** M. Lakshmi Narasaiah, 1999 Rationality is one of the basic underlying assumptions of economic behaviour of an individual firm or industry Economic theory rests on and takes as its starting point the assumption that each economic producer tries to maximize his individual gain that profit motivation governs the behaviour of producers This assumption is more true in explaining the behaviour of the non agricultural sector of the economies than that of the agricultural sector Contents Introduction Select Review of Literature and Methodology Agricultural Economy Regional Imbalances in Agricultural Growth The Supply Behaviour of Food and Nonfood Crops Regional Variations in Supply Behaviour of Major Crops Summary of Findings **Openness, Economic Growth and Regional Disparities** Yanqing Jiang, 2013-11-29 Substantial disparities across different Chinese regions are one of the most prominent features in China's development

process This book investigates the mechanisms through which openness affects regional economic growth and interregional disparities in China Based on the latest data and employing a variety of panel data regression techniques it provides readers with new findings that shed light on the effects of openness on China s regional economic growth and the evolution of the country s interregional disparities **P-Z Library of Congress.
