Ah Big Yaws? Robin Malan, 2006 First published in 1972 this lighthearted linguistic study of South African spoken English became a well loved book among South Africans at home and abroad Unique and humorous the book was actually adopted by the BBC drama department as a reference for voice coaches when a white urban English speaking South African accent was required It is available again for a new generation of language lovers **Eish, but is it English?** Rajend

Mesthrie, 2011-12-05 What makes South African English different Have you ever wondered where the words gogga tsotsi and larney come from Did you know that the first sentence uttered by a South African in English may have been spoken by a Khoikhoi man in 1613 South African English is unique and is made up of several varieties This entertaining and informative book looks at the forms of English spoken here where they come from and how they fit into the spectrum of world Englishes Humorous and engaging it is packed with common expressions slang grammatical variations and distinctive South African words and phrases including just now busy waiting and of course eish The book explores the influence of Afrikaans Zulu Xhosa and other languages on English as it is spoken in the diverse context of South Africa It considers the social implications of language questions notions of correctness and incorrectness and celebrates South African English for its innovations and expressiveness *Eish but is it English* is a book for everyone who is interested in the way we use language and make it our own **The Story of Lucky Simelane** Robin Malan, 2005 Publisher Description **The World of South**

African Music Christine Lucia, 2009-03-26 The present Reader is a selection of texts on South African music which are chosen not only for their importance or the frequency of citations but with the express purpose of providing the reader with a deep understanding of the music itself Consequently there are readings that are chosen because they have been influential but there are also many which though published have not enjoyed very wide circulation There are those which are of obvious historic interest and others which speak to contemporary issues Among other things the volume provides an excellent sense of the varying ideologies and approaches that determine the relationship between author and subject The reader is indispensable to scholars and enthusiasts of South African music and it is of great interest to ethnomusicologists more generally It is also an excellent resource for those who do not have immediate access to harder to find articles and is perhaps most vital to those who are looking to find a way into the world of South African music *Contrast*, 1972 South African quarterly **The Cambridge Encyclopedia of the English Language** David Crystal, 2003-08-25 Rarely has a book so packed

with accurate and well researched factual information been so widely read and popularly acclaimed This Second Edition of *The Cambridge Encyclopedia of the English Language* has been fully revised for a new generation of language lovers The book is longer and includes extensive new material on world English and Internet English in addition to completely updated statistics further reading suggestions and other references First Edition Hb 1995 0 521 40179 8 First Edition Pb 1997 0 521 59655 6 David Crystal is a leading authority on language and author of many books including most recently *Shakespeare's*

speech poses to the reconstruction process It also evades discussion of contemporary global practices and underpinning the enterprise is the search for an aural purity that arguably never existed By contrast this collection attends to foreign speech patterns in both the early modern and post modern periods including Indian East Asian and South African and explores how accents operate as metasigns reinforcing ethno racial stereotypes and social hierarchies It embraces new methodologies which includes reorienting attention away from the visual and onto the aural dimensions of performance **Kaapse bibliotekaris** ,2013 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957 *The Joint Acquisitions List of Africana* ,1978 **Cape Librarian** ,1973 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957 also published separately *English in Africa* Josef J.
