of her people The history books have not been kind to her However you view this pair one thing is clear their stories cannot be told without linking their biographies As your readers will find out there is little doubt that their pairing forever changed Mexico and the Americas *Pre-Columbian Literatures of Mexico* ,1986 This volume presents ancient Mexican myths and sacred hymns lyric poetry rituals drama and various forms of prose accompanied by informed criticism and comment The selections come from the Aztecs the Mayas the Mixtecs and Zapotecs of Oaxaca the Tarascans of Michoacan the Otom s of central Mexico and others They have come down to us from inscriptions on stone the codices and accounts written after the coming of Europeans of oral traditions It is Miguel Le n Portilla s intention to bring to contemporary readers an understanding of the marvelous world of symbolism which is the very substance of these early literatures That he has succeeded is obvious to every reader **Recipes from Mexico** Dana Meachen Rau,2015-03-12 Recipes from Mexico includes a variety of recipes for each meal of the day Information on how to read a recipe safety in the kitchen and daily nutritional requirements are also included Quick tips and variations as well as considerations for dietary restrictions round out each recipe **Scuttle Your Ships Before Advancing** Richard A. Luecke,1994 In the spring of 1942 Japan s Admiral Yamamoto devised an ingenious strategy to attack Midway Island and deliver the knockout punch of the war in the Pacific His elegant operational plan which involved elaborate traps and diversions and required clockwork coordination was founded on complete faith that he could predict the Americans every move But the perfect plan went wrong and Japan s elite Strike Force was crushed losing four carriers over three hundred aircraft and 2 500 men What can today s business managers learn from Yamamoto s stunning defeat at the Battle of Midway A great deal according to Richard Luecke and in *Scuttle Your Ships Before Advancing* he illuminates lessons to be learned from Yamamoto and other leaders who have faced memorable crises We find for instance the epitome of decisiveness and entrepreneurialism in Hernan Cortes as he and a small band of 16th century adventurers risked everything in a bold gamble for the Aztec empire the book s title *Scuttle Your Ships* refers to Cortes strategy that kept his men moving forward Underdogs who would challenge the status quo can look to France s Louis XI the Spider King and learn how he undermined entrenched rivals through patience and cunning The Emperor Hadrian in his consolidation of the sprawling Roman Empire provides a brilliant model for managing today s multinational corporation And attitudes toward technology and innovation are vividly illustrated by the 15th century Battle of Agincourt in which the stubborn refusal of the French to adopt their English enemy s weapon the longbow led to their massacre From these and other historical episodes Luecke shows how leadership daring and artful administration meant the difference between success and failure He draws explicit lessons for managers from these long ago events and he also reveals parallels in the recent experiences of major corporations from GM to Shearson Lehman And along the way he evokes portraits of Martin Luther W Edwards Deming and other visionaries as they struggled with the timeless challenges of authority change and human conflict Those who do not learn from the past are doomed to repeat it Skillfully narrated inspiring yet down to earth

Scuttle Your Ships Before Advancing serves up powerful historical lessons for all who would manage and lead in the twenty first century
