Andreas Hofer Zwischen Napoleon U Kaiser Franz:

Andreas Hofer Hans Magenschab,1998 **The Promise of Salvation** Martin Riesebrodt,2010-02-15 Why has religion persisted across the course of human history Secularists have predicted the end of faith for a long time but religions continue to attract followers Meanwhile scholars of religion have expanded their field to such an extent that we lack a basic framework for making sense of the chaos of religious phenomena To remedy this state of affairs Martin Riesebrodt here undertakes a task that is at once simple and monumental to define understand and explain religion as a universal concept Instead of propounding abstract theories Riesebrodt concentrates on the concrete realities of worship examining religious holidays conversion stories prophetic visions and life cycle events In analyzing these practices his scope is appropriately broad taking into consideration traditions in Judaism Christianity Islam Buddhism Daoism and Shinto Ultimately Riesebrodt argues all religions promise to avert misfortune help their followers manage crises and bring both temporary blessings and eternal salvation And as The Promise of Salvation makes clear through abundant empirical evidence religion will not disappear as long as these promises continue to help people cope with life **The Encyclopedia of the French**

Revolutionary and Napoleonic Wars Gregory Fremont-Barnes,2006 This comprehensive three volume work on the French Revolution and Napoleon s rule and campaigns covers a wide range of military political social and cultural events and personalities during a time of dramatic change in Europe In three extraordinarily rich volumes The Encyclopedia of the French Revolutionary and Napoleonic Wars captures the full sweep and legacy of the transformation of Europe from 1792 to 1815 Its nearly 900 alphabetically organized fully cross referenced entries provide students and general readers with vivid biographies of politicians sovereigns and commanders accounts of battles weaponry and diplomatic affairs insights into the art music and culture of the times and much more Unlike other works on the subject this encyclopedia combines coverage of Napoleon s rule with that of the crucial Revolutionary years in France that set the stage for his rise to power It includes contributions from the most wide ranging group of international experts ever assembled for a work on this era Students will see the full continent wide impact of France s evolution from aristocracy to democracy to military autocracy and explore the effects of nationalism empire building industrialization and international conflict which resonate with more relevance today than ever
