Angelo Savelli:

Artist File Angelo Savelli, 1970 *Angelo Savelli. Catalogo della mostra (Prato, Centro per l'arte contemporanea Luigi Pecci, 1995). Ediz. italiana e inglese* Angelo Savelli, Antonella Soldaini, 1995 *Angelo Savelli* , **Exhibiting Italian Art in the United States from Futurism to Arte Povera** Raffaele Bedarida, 2022-06-28 This volume explores how Italian institutions, dealers, critics, and artists constructed a modern national identity for Italy by exporting literally and figuratively contemporary art to the United States in key moments between 1929 and 1969. From artist Fortunato Depero opening his Futurist House in New York City to critic Germano Celant launching Arte Povera in the United States, Raffaele Bedarida examines the thick web of individuals and cultural environments beyond the two more canonical movements that shaped this project. By interrogating standard narratives of Italian Fascist propaganda on the one hand and American Cold War imperialism on the other, this book establishes a more nuanced transnational approach. The central thesis is that beyond the immediate aims of political propaganda and conquering a new market for Italian art, these art exhibitions, publications, and the critical discourse aimed at American audiences all reflected back on their makers; they forced and helped Italians define their own modernity in relation to the world's new dominant cultural and economic power. The book will be of interest to scholars working in art history, social history, exhibition history, and Italian studies. **The Art of Poetry** Kenneth Koch, 1996 Essays, interviews, parodies, and cartoons by a distinguished poet and teacher Angelo Savelli , 1991 **The American Speaker: Containing Numerous Rules, Observations, and Exercises on Pronunciation, Pauses, Inflections, Accent, and Emphasis** John Frost, 1838 Oral History, Oral Culture, and Italian Americans Luisa Del Giudice, 2009 This book introduces readers to a wide range of interpretations that take oral history and folklore as the premise, with a focus on Italian and Italian American culture in disciplines such as history, ethnography, memoir, art, and music. **The American Speaker** John Frost, 1844 The Rise and Fall of American Art, 1940s-1980s Catherine Dossin, 2016-03-03 In *The Rise and Fall of American Art, 1940s-1980s*, Catherine Dossin challenges the now mythic perception of New York as the undisputed center of the art world between the end of World War II and the fall of the Berlin Wall, a position of power that brought the city prestige, money, and historical recognition. Dossin reconstructs the concrete factors that led to the shift of international attention from Paris to New York in the 1950s and documents how peripheries such as Italy, Belgium, and West Germany exerted a decisive influence on this displacement of power. As the US economy sank into recession in the 1970s, however, American artists and dealers became increasingly dependent on the support of Western Europeans, and cities like Cologne and Turin emerged as major commercial and artistic hubs, a development that enabled European artists to return to the forefront of the international art scene in the 1980s. Dossin analyses in detail these changing distributions of geopolitical and symbolic power in the Western art world, a story that spans two continents, forty years, and hundreds of actors. Her transnational and interdisciplinary study provides an original and welcome supplement to more traditional formal and

L'educatore nell'asilo nido Anna Maria Marcuccini,2009 The New York School Poets and the Neo-Avant-Garde

Mark Silverberg, 2016-02-17 New York City was the site of a remarkable cultural and artistic renaissance during the 1950s and 60s. In the first monograph to treat all five major poets of the New York School—John Ashbery, Barbara Guest, Kenneth Koch, Frank O'Hara, and James Schuyler—Mark Silverberg examines this rich period of cross-fertilization between the arts. Silverberg uses the term *neo avant garde* to describe New York School Poetry, Pop Art, Conceptual Art, Happenings, and other movements intended to revive and revise the achievements of the historical avant garde while remaining keenly aware of the new problems facing avant gardists in the age of late capitalism. Silverberg highlights the family resemblances among the New York School poets, identifying the aesthetic concerns and ideological assumptions they shared with one another and with artists from the visual and performing arts. A unique feature of the book is Silverberg's annotated catalogue of collaborative works by the five poets and other artists. To comprehend the coherence of the New York School, Silverberg demonstrates one must understand their shared commitment to a reconceptualized idea of the avant garde specific to the United States in the 1950s and 60s, when the adversary culture of the Beats was being appropriated and repackaged as popular culture. Silverberg's detailed analysis of the strategies the New York School poets used to confront the problem of appropriation tells us much about the politics of taste and gender during the period and suggests new ways of understanding succeeding generations of artists and poets.
