O'Malley,Gauvin Alexander Bailey,Steven J. Harris,T. Frank Kennedy,2016-01-28 In recent years scholars in a range of disciplines have begun to re evaluate the history of the Society of Jesus Approaching the subject with new questions and methods they have reconsidered the importance of the Society in many sectors including those related to the sciences and the arts They have also looked at the Jesuits as emblematic of certain traits of early modern Europeans especially as those Europeans interacted with the Other in Asia and the Americas Originating in an international conference held at Boston College in 1997 the thirty five essays here reflect this new historiographical trend Focusing on the Old Society the Society before its suppression in 1773 by papal edict they examine the worldwide Jesuit undertaking in such fields as music art architecture devotional writing mathematics physics astronomy natural history public performance and education and they give special attention to the Jesuits interaction with non European cultures in North and South America China India and the Philippines A picture emerges not only of the individual Jesuit who might be missionary diplomat architect and playwright over the course of his life in the Society but also of the immense and many faceted Jesuit enterprise as forming a kind of cultural ecosystem The Jesuits of the Old Society liked to think they had a way of proceeding special to themselves The question Was there a Jesuit style a Jesuit corporate culture is the thread that runs through this interdisciplinary collection of studies **Jesuit and English Experiences at the Mughal Court, c. 1580-1615** João Vicente Melo,2022-05-06 This open access book reconstructs and examines a crucial episode of Anglo Iberian diplomatic rivalry the clash between the Portuguese sponsored Jesuit missionaries and the English East India Company EIC at the Mughal court between 1580 and 1615 This 35 year period includes the launch of the first Jesuit mission to Akbar s court in 1580 and the preparation of the royal embassy led by Sir Thomas Roe to negotiate the concession of trading privileges to the EIC and encompasses not only the extension of the conflict between the Iberian crowns and England into Asia but also the consolidation of the Mughal Empire The book examines the proselytizing and diplomatic activities of the Jesuit missionaries the evolution of English diplomatic strategies concerning the Mughal Empire and how the Mughal authorities instigated and exploited Anglo Iberian rivalry in the pursuit of specific commercial
