practices primarily from the United Christian Endeavor Movement of Dr Bob's youth. Then source by source it looks at each Step as it was impacted upon by a particular contributor. The Bible Oxford Group, Rev Sam Shoemaker, Dr Bob's wife Anne Smith, the so-called Six Steps, then the other sources. This book is an historical study of the roots of each Step and it can be used for individual and group study of the Steps in a very meaningful way. It is also a guide, a guide to understanding and a guide to taking each Step. It also shows you how to take the Steps exactly as directed in A.A.'s Big Book. It suggests how you might look at each Step in terms of the contributions to that Step's language and meaning by each of its sources. Finally, it provides Christians and other students with a means of considering learning and taking each of the Steps in light of that Step's biblical and historical roots with the Big Book, Bible, and history at hand. When you are through, you will have a perspective of the real spiritual utility of the Twelve Steps in a believer's world despite the secularization and universalism that are diluting all Twelve Step programs and the language used in connection with the Steps. For example, God as we understood Him historically and biblically means Almighty God, the Creator, as He is understood by the newcomer at the time of taking Steps 3 and 11. So too, powerless in Step 1 is presented in its historical context. I was licked rather than in some puzzling linguistic context seldom understood or unraveled. You'll know and guide the taking of the Twelve Steps as they were intended to be understood and as you never did before.

The Book That Started It All Anonymous, 2013-09-03. An extraordinary reproduction of the original working manuscript of the Big Book of Alcoholics Anonymous with an introduction and notes by a panel of celebrated AA historians. The Book That Started It All offers fresh insights into the history and foundation of the revolutionary Alcoholics Anonymous program. Reproduced in this elegant gift edition, the original working manuscript is the missing link in our understanding of what transpired between AA founder Bill Wilson's first draft of Alcoholics Anonymous and the first published edition. In January 1939, Wilson and other AA founders distributed 400 copies of his typed manuscript to everyone they could think of who might be concerned with the problem of alcoholism to test out the program. As the loan copies were returned, suggestions for revision were considered and written out in colored pencil on one master copy that was eventually submitted for publication. The many changes made in black, green, and red on page after page are shown here in their original form, revealing the opinions, debates, and discussions that went into making the Big Book.
