Open Secrets Christine Ferguson, 2025 *Open Secrets* sheds new light on the fascinating popular fiction produced by key writers within Britain's occult revival including Edward Bulwer Lytton, Emma Hardinge Britten, Marie Corelli, Mabel Collins, Arthur Machen, Charles Fort, Aleister Crowley and Dion Fortune. In their hands, genres aimed at mass readerships – the Bildungsroman, romance, tabloid tit bit and detective tale – became potent tools through which to imagine and test unorthodox ideas about the unseen world. Their remarkable literary experiments aligned the rhythms of popular genre fiction with those of spiritual seekership, insisting that occultism could and should be for the mass reading public. *Landscapes of Decadence* Alex Murray, 2016-12 This book explores the relationship between literary politics and the politics of place in fin de siècle travel and place-based literature. *A Century of Weird Fiction, 1832-1937* Jonathan Newell, 2020-03-15 Offers a new critical perspective on the weird that combines two ways of looking at weird and cosmic horror. Mingling of nausea and knowledge: this book connects pulp horror with metaphysical insight, offering an innovative approach to aesthetics and metaphysics. Combines recent speculative philosophy and affect theory. **Decadent Conservatism** Alex Murray, 2023-06-14 British Decadent literature was a radical attack on conventional morality and middle class taste; its insistence on the autonomy of art and its exploration of sexuality, dissipation and depravity at odds with the literary and social establishment. Yet this counter-cultural narrative has obscured the often reactionary and elitist tendencies of Decadent writers and artists of the fin de siècle. *Decadent Conservatism* offers the first in-depth examination of the intersection of Decadence and conservatism, arguing that underpinning both was the desire to find alternatives to liberal modernity. Both Decadents and conservatives turned to the past to uncover values and models of social organisation that could offer stability in a chaotic world. From well-known figures such as Oscar Wilde and W. B. Yeats through to the forgotten editors of short-lived periodicals, important female aesthetes such as Michael Field and politicians such as Arthur Balfour, *Decadent Conservatism* challenges conventional understandings of the relationship between aesthetics, politics and the past in late Victorian Britain. Through a series of thematic chapters exploring the alternative communities created by little magazines, the politics of Individualism, investments in monarchy and religion, Folk Decadence and jingoistic and nationalist responses to the Second Anglo-Boer War, this study offers a new and much messier picture of fin de siècle literary politics. It will be of interest to those working on Victorian literature and modernism as well as social, political and cultural history of the period 1880-1920. **The Journals of Mary Butts** Mary Butts, 2008-10-01 *divdiv* British modernist writer Mary Butts (1890-1937) now recognized as one of the most important and original authors of the interwar years, lived an unconventional life. She encountered many of the most famous figures in early twentieth-century literature, music and art, among them T. S. Eliot, Virginia Woolf, James Joyce and Gertrude Stein, and came to know some of them intimately. These luminaries figure prominently in journals in which Butts chronicled the development of her craft between 1916 and her untimely death in 1937. This volume is the first substantial edition of her journals. Introduced and annotated by Nathalie Blondel, the leading authority on Butts's life and works, the book reveals the workings of a complex

and distinctive mind while offering vivid insights into her fascinating era
