Jacobs, II, 2022-12-01 In this book Paul Jacobs traces the history of a neighborhood situated in the heart of Rome over twenty five centuries Here he considers how topography and location influenced its long urban development During antiquity the forty plus acre flood prone site on the Tiber s edge was transformed from a meadow near a crossroads into the imperial Circus Flaminius with its temples colonnades and a massive theater Later it evolved into a bustling medieval and early modern residential and commercial district known as the Sant Angelo rione Subsequently the neighborhood enclosed Rome s Ghetto Today it features an archaeological park and tourist venues and it is still the heart of Rome s Jewish community Jacobs study explores the impact of physical alterations on the memory of lost topographical features He also posits how earlier development may be imprinted upon the landscape or preserved to influence future changes Resolution of Minor Disputes United States. Harrington, 2007-12-30 Improbably located in the heart of the Jewish ghetto on the Lower East side of Manhattan the Neighborhood Playhouse and
