Articulation and Learning Wallace Dean Wolfe, Daniel J. Goulding, 1980-01-01 Articulation and Learning Wallace Dean Wolfe, Daniel J. Goulding, 1973 **Deafmutism and the education of deafmutes by lip-reading and articulation** Arthur Hartmann, 1881 Resources in Education , 1999-04 **Deafmutism and the Education of Deaf-mutes by Lip-reading and Articulation** Arthur Hartmann, 1881 **Cscl** Timothy Koschmann, 2012-10-12 This book about a newly emerging area of research in instructional technology has as its title the acronym CSCL Initially CSCL was chosen as an acronym for Computer Supported Collaborative Learning However some would argue that collaborative is often not a descriptive term for what learners do in instructional settings further as the field develops the technology used to support collaboration may not always involve computers at least not in the direct ways they have been used to support instruction in the past To avoid getting bogged down in this terminological debate this book uses CSCL as a designation in its own right leaving open to interpretation precisely what words it stands for The authors talk a great deal about the theory underlying their work In part this is because that is what they were asked to do but it is also an indication of the state of the field In an established paradigm in which the theories and methods are well agreed upon such discussion is less central CSCL however has not yet reached the stage of normal science There is much to be worked out yet This book is offered with the hope that it will help to define a direction for future work in this field The chapters appear in alphabetical order except for the introductory chapter and the afterword not for lack of a better way to organize the chapters but rather because the organizational possibilities are too numerous and this order does not privilege one over another By not imposing a topical organizing structure on this collection it is hoped that readers will feel freer to explore the chapters in a way that best suits their needs COPY FOR BIND CARD CD ROM info There is an accompanying CD Rom for this proceedings that will become available September 1998 Purchasers of the proceedings may obtain a copy of this CD ROM at no cost by contacting Lawrence Erlbaum Associates Inc phone 201 236 9500 toll free 1 800 9 BOOKS 9 1 800 926 6579 9am 5pm EST fax 201 236 0072 e mail orders erlbaum com Web site www erlbaum com address 10 Industrial Avenue Mahwah NJ 07430 2262 The CD ROM was funded through a grant from the National Science Foundation **Resources in Vocational Education** , 1980
