Artificial Intelligence in Manufacturing : Key to Integration? : Proceedings of the Technology Assessment and Management Confe Thomas Bernold,1987 **Artificial Intelligence in Manufacturing** Thomas Bernold,1987

Computer Integrated Manufacturing Thomas Bernold,Walter Guttropf,1988 *Computer Integrated Manufacturing CIM* implies a restructuring of manufacturing industry to form an information centered economy Many small enterprises often work as suppliers to large manufacturers which are in the process of introducing CIM In the short or long term the supplier will be forced to introduce CIM since construction specifications test procedures manufacturing programmes etc will be part of the contract and will be transmitted electronically Only those who can adapt flexibly to change will survive The papers from this conference illustrate the state of the technology and allow for comparison between US and European developments The aim is not to further isolate information technology and communication at the expert level but rather to deepen the understanding of CIM concepts in production enterprises of all types **Directory of Published Proceedings** ,1990
