Patterson,2019-09-18 Recent years have seen an enormous surge of interest in fiber arts with works made of thread on display in art museums around the world But this art form only began to transcend its origins as a humble craft in the late nineteenth and early twentieth centuries and it wasn t until the 1950s and 1960s that artists used the fiber arts to build critical practices that challenged the definitions of painting drawing and sculpture One of those artists was Lenore Tawney 1907 2007 Raised and trained in Chicago before she moved to New York Tawney had a storied career She was known for employing an ancient Peruvian gauze weave technique to create a painterly effect that appeared to float in space rather than cling to the wall as well as for being one of the first artists to blend sculptural techniques with weaving practices and in the process pioneered a new direction in fiber art Despite her prominence on the New York art scene however she has only recently begun to receive her due from the greater art world Accompanying a retrospective at the John Michael Kohler Arts Center this catalog features a comprehensive biography of Tawney additional essays on her work and two hundred full color illustrations making it of interest to contemporary artists art historians and the growing audience for fiber art Copublished with the John Michael Kohler Arts Center Marbelized Design Lauren Clark,1992-11-01 Distinctive postcards feature

Cats in Art Janice Anderson, 1996-07 *The Postcard's Radical Openness* Mariluz Restrepo, 2024-04-05

The Postcard's Radical Openness offers a groundbreaking exploration of what this multifaceted double-sided open card entails and how it has affected our being in the world. With a holistic approach, it focuses on studying the postcard's specific way of being and performing a particular ontology that opens up what is constitutively implicated in such an apparently trivial artifact. The book, organized into four parts, meticulously unveils the postcard's political, technological, aesthetic, and ethical dimensions, ending with a coda correlating the postcard's radical openness to G. Klimt's painting *Nuda Veritas* (1899) in reference to the scope of truth. By examining the postcard's complex worldwide history, its socio-cultural significance, and its global effect, the book reveals hidden stories, shedding light on its impact on photography, printing, marketing, trade, and business practices, and exposes the aesthetic, communicative, and ethical qualities that lie behind the enormous success of postcards at the turn of the 20th century. This comprehensive study is positioned as a thought-provoking invitation to scholars and students interested in material culture, media studies, and human interactions, as well as to history enthusiasts, art lovers, and postcard collectors. Offering a distinctive contribution, the book not only fills a void in the literature but also encourages readers to question and reflect on the transformative power inherent in the postcard's radical openness, presenting a novel and unparalleled analysis of this seemingly trivial yet culturally significant object.

Paperbound Books in Print, 1992 Irish Rural Interiors in Art Claudia Kinmonth, 2006-01-01

This book offers a fascinating view of many aspects of Irish rural life from the eighteenth to the mid-twentieth century. Illustrated with more than 250 images, many of which have not been published before, the book evokes the hardships and celebrations of laborers and farmers, men and women, the old and the young, as depicted in oil paintings, watercolors, drawings, prints, postcards, and cartoons. Most of the illustrations show people engaged in indoor activities at home, but schools, shops, pubs, and doctors' surgeries are also included. Claudia Kinmonth draws on extensive knowledge of the material culture of rural life to present a new social history of Irish country people. Working within a broadly chronological framework, the author addresses such themes and patterns of rural life as the architecture of houses where people slept, cooking over the open hearth, rural dress, display, childcare, work within the home, the arrangement of marriages, weddings, wakes, and celebrations. The book also explores why Irish and foreign artists depicted rural interiors and sets their work in the context of art history.
