## **As Long As Its Pink The Sexual Politics Of Taste:**

As Long as It's Pink Penny Sparke, 1995 Why do car manufacturers use paisley interiors to sell their products to women and does it work Is women's taste really different to men's Who says so And does it matter In this highly original book Penny Sparke uses familiar objects of our everyday environments furniture cars and domestic appliances and interiors to look at how taste has become a gendered issue in our culture Ever since the industrial revolution the cluttered interior has been associated with femininity while the minimal forms of modernist architecture have acted as markers of a masculine aesthetic As Long as It's Pink argues that taste has been a quality assigned to women while design is a man made construction which has taken aesthetic authority away from women This in turn has succeeded in trivializing and marginalizing women's material culture Ranging across histories of domesticity feminine consumption and home making as well as modern design and broader cultural theories Penny Sparke offers a completely new version of the history of our modern material culture

The Politics of the Artificial Victor Margolin, 2002-03-15 One of the pioneers of design studies and still one of its most distinguished practitioners Victor Margolin here offers a timely meditation on design and its study at the turn of the millennium and charts new directions for the future development of both fields Divided into sections on the practice and study of design the essays in *The Politics of the Artificial* cover such topics as design history design research design as a political tool sustainable design and the problems of design's relation to advanced technologies Margolin also examines the work of key practitioners such as the matrix designer Ken Isaacs Throughout the book Margolin demonstrates the underlying connections between the many ways of reflecting on and practicing design He argues for the creation of an international interdisciplinary field of design research and proposes a new ethical agenda for designers and researchers that encompasses the responsibility to users the problems of sustainability and the complicated questions of how to set boundaries for applying advanced technology to solve the problems of human life

**As Long as it's Pink: Sexual Politics of Taste** Penny Sparke, 2010 *Women's Places* Brenda Martin, Penny Sparke, 2003 What was different about the environments that women created as architects designers and clients at a time when they were gaining increasing political and social status in a male world Through a series of case studies *Women's Places Architecture and Design 1860-1960* examines in detail the professional and domestic spaces created by women who had money and the opportunity to achieve their ideal Set against a background of accepted notions of modernity relating to design and architecture of the late 19th and early 20th centuries this book provides a fascinating insight into women's social aspirations and identities It offers new information and new interpretations in the study of gender material culture and the built environment in the period 1860-1960 **London**

**Couture and the Making of a Fashion Centre** Michelle Jones, 2022-04-12 How design collaboration networks and narratives contributed to the establishment of a recognized English couture industry in the 1930s and 1940s In the 1930s and 1940s English fashion houses spurred by economic and wartime crises put London on the map as a major fashion city In

this book Michelle Jones examines the creation of a London based couture industry during these years exploring how designer collaboration and the construction of specific networks and narratives supported and shaped the English fashion economy Haute couture the practice of creative made to measure womenswear was widely regarded as inherently French Jones shows how an English version emerged during a period of economic turbulence when a group of designers banded together in a collective effort to shift power within the international fashion system Jones considers the establishment of this form of English design practice analyzing the commercial social and political factors that shaped the professional identity of the London couturiers She focuses on collaborative activity that supported this form of elite craft based fashion production from the prewar efforts of the Fashion Group of Great Britain to the wartime establishment of the Incorporated Society of London Fashion Designers modeled loosely after French fashion s governing body the Chambre Syndicale de la Couture Parisienne It was these collective efforts by couturiers that established and sustained London s place as an internationally recognized center for creative fashion

A Companion to Contemporary Design since 1945 Anne Massey,2019-03-26 A critical overview of contemporary design and its place within the broader context of art history A Companion to Contemporary Design since 1945 introduces readers to a collection of specially commissioned essays exploring the complex areas of design that emerged through the latter half of the twentieth century design history design methods design studies and more recently design thinking The book delivers a thoughtful overview of all design disciplines and also strives to stimulate inter disciplinary debate and examine unconsidered convergences among design applications in different fields By offering a new perspective on design the articles assembled here present a challenging account of the boundaries between design history and its cognate disciplines especially art history The volume comprises five sections Time Place Space Objects and Audiences that discuss environments for design and how we interact with designed objects and spaces Notable features include 24 new essays reflecting the current state of design history and theory and examining developments on a global basis Contributions by eminent scholars and practitioners from around the globe Enriched throughout with illustrations A Companion to Contemporary Design since 1945 provides a new and thought provoking revision of our conception and understanding of contemporary design that will be essential reading for students at both undergraduate and graduate levels as well as researchers and teachers working in design history theory and practice and in related fields
