As We Know:

The Beginning and End of the Earth as We Know It John W. Pyles, 2011-05 I have a friend who recently told me that the Lord has to return this year because he can't hold out any longer. Others want to know when he is coming so they can slack off until that day. My reaction is radically different. The more facts that we learn about the end of the age, the more motivated we should become. Many Christians have the point of view that he hasn't returned in 2,000 years so there is no reason to believe that he will return in their lifetime. These people are in for a shock. Have you ever wondered if there was any way to tell when the world will end? Does it puzzle you why the Magi knew when Jesus came the first time and yet we are told that we can't know when he will return? John Pyles seeks to prove that we can indeed know the course and timetable of end times events. Using a series of biblical clues, John establishes a timeline for Creation, the birth of Christ, and His Second Coming. We truly can know and understand The Beginning and End of the World as We Know It. **The End of Advertising as We**

Know It Sergio Zyman, Armin A. Brott, 2002-11-14 The controversial marketing guru discusses the revolution in advertising strategy. What can I say about Sergio Zyman? He's a genius that's all. Warren Bennis, University Professor and Distinguished Professor of Business Administration, USC Marshall School of Business. In this follow-up to his bestselling book *The End of Marketing As We Know It*, Sergio Zyman, Coca-Cola's renowned former chief marketing officer, argues that the business of advertising as we know it is dead. He uses real-world examples to illustrate how modern advertising overemphasizes art and entertainment and neglects the most important rule of advertising: sell the product. With a keen eye and a no-holds-barred approach, Zyman discusses how advertising died, what killed it, and how to revive it. He addresses the most critical issues affecting any organization's sales and marketing departments using his time-tested, unorthodox, and sometimes even counterintuitive principles in order to translate key strategies into positive business results. For marketing managers, advertisers, and CEOs, this book offers groundbreaking advice from one of the legends of modern marketing, as well as the knowledge, insights, tools, and direction to transform advertising strategies from hoping to planning, from art to science, from guessing to knowing, and from random success to planned success. **The End of Leadership as We Know It** Steve Garcia, Dan Fisher, 2023-07-24 Maximize your leadership impact with the latest insights and research from the field of adaptive leadership. In the book, you'll find ways to apply the latest research in adaptive leadership and complexity to your own leadership style and achieve the impact you seek to have on your business, your followers, and yourself. The authors explain how to rethink the essence of leadership during times of flux and show you how to deal with unpredictable situations. You'll also find ways to identify the devastating blind spots caused by current approaches to leadership.
