## **Asbestos In The Schools A Guide For Schools Administrators Teachers And Parents:**

Asbestos in the Schools Carolyn Harvey, Mark Rollinson, 1987-11-06 *Asbestos in the Schools* opens with a brief overview of the history of asbestos its use in industry and as a fire retardant and the discovery of occupational hazards associated with asbestos dust airborne A description of the key terms related to the topic follows The authors can turn to the statistical analyses and legal matters and explain their implications to the problem of asbestos in the schools The following chapter considers the class action suit against the asbestos industry the legal aspects of asbestos removal the exposure of school authorities to legal action personal exposure of school board members and the contractor s exposure The authors assert that while the real risks to students and teachers from asbestos is minimal the legal risks to school administrators and trustees from their actions and or inactions are real The concluding chapters take the reader from step by step through the abatement process and review the financial costs associated with asbestos removal The authors conclude with a commentary on several ethical questions raised by the issue of asbestos in schools *Sci-tech Archives and Manuscript Collections* Ellis

Mount, 1989 Here is a fascinating book that describes selected collections of sci tech archives and manuscripts Librarians will gain valuable information on the ways in which sci tech archival material is being handled and preserved in various institutions and organizations *Sci Tech Archives and Manuscript Collections* is a helpful guide that also describes ways in which these often unique and irreplaceable materials are organized so they can be searched and used Corporate academic and governmental organizations are represented and some attention is given to the international scene Topics include a description of the American Museum of Natural History collection a survey of archival materials at zoos and aquariums a description of the efforts of the American Institute of Physics Center for History of Physics to develop the international Catalog of Sources for History of Physics and Allied Sciences **Resources in Education** ,1998 **American Education** ,1984 **TSCA Chemicals-in-progress Bulletin** ,1980 [Chemicals-in-progress Bulletin](#) ,1989 **Whitaker's Books in Print** ,1998

**Defending the Indefensible** Jock McCulloch, Geoffrey Tweedale, 2008-07-24 In the early twentieth century asbestos had a reputation as a lifesaver In 1960 however it became known that even relatively brief exposure to asbestos can cause mesothelioma a virulent and lethal cancer Yet the bulk of the world s asbestos was mined after 1960 Asbestos usage in many countries continued unabated This is the first global history of how the asbestos industry and its allies in government insurance and medicine defended the product throughout the twentieth century It explains how mining and manufacture could continue despite overwhelming medical evidence as to the risks The argument advanced in this book is that asbestos has proved so enduring because the industry was able to mount a successful defense strategy for the mineral a strategy that still operates in some parts of the world This defence involved the shaping of the public debate by censoring and sometimes corrupting scientific research nurturing scientific uncertainty and using allies in government insurance and medicine The book also discusses the problems of asbestos in the environment compensating victims and the continued use of asbestos in

the developing world Its global focus shows how asbestos can be seen as a model for many occupational diseases indeed for a whole range of hazards produced by industrial societies The book is based on a wealth of documentary material gained from legal discovery supplemented by evidence from the authors visits and researches in the US the UK Canada Kazakhstan Zimbabwe Australia Swaziland and South Africa     **The Administrative law journal** ,1990     *Recent Publications on Governmental Problems* ,1988     *Environmental Health Perspectives* ,1993     **Choice** ,1988     **Federal Register** ,1989-04     **Encyclopedia of Legal Information Sources** Brian L. Baker,Patrick J. Petit,1993 Over 19 000 live print and electronic information sources for 460 legal topics are quickly accessible in this guide to the US legal system The work is arranged alphabetically by subject from actions and defences to noteworthy trials and users can see at a glance what printed materials are available what organizations are active in that subject and whether any databases or other electronic information sources are available     *Subject Guide to Books in Print* ,1997     **Books in Print** ,1994     **Nation's Schools Report** ,1988     Monthly Catalog of United States Government Publications ,1984     **Bibliographic Guide to Education** ,1988 Annual supplement to the Dictionary catalog of the Teachers College Library Columbia University and its 1st 3rd supplements     **Resources in Education** ,1995
