Ascension And Romantic Relationships:

Ascension and Romantic Relationships Joshua David Stone, Janna Shelley Parker, 2000-01-01 This book is a sequel to the first two It contributes an added dimension to my earlier information Sedona seems to reflect the best qualities or perhaps I should say combined qualities the essences and elements of the Great Pyramids Glastonbury Stonehenge Ayers Rock Mount Shasta the South American Pyramids Peru Tibet Nepal India Lourdes and many other power places around the world How can I make such a claim For the reason that I interact on a regular basis with individuals from virtually every corner of the Earth who have spent time in those sacred and mysterious places Through these travelers I have learned that there is simply no other place like Sedona **Arcturians: How to Heal, Ascend, and Help Planet Earth** David K. Miller, 2013-04-01 On the Mayan Calendar every day of the year represents the energy of one of the twenty solar glyphs and one of the thirteen numbers called tones The solar glyph indicates your soul purpose and the tone is the energy you will use to attain this purpose *The Complete Ascension Manual* Joshua David Stone, 1994-01-01 New age spirituality *Cosmic Ascension* Joshua David Stone, 1998-02-01 Cosmic Ascension Your Cosmic Map Home Almost all the books on the planet on the subject of ascension are written about planetary ascension However because of the extraordinary times in which we now live in terms of Earth's history there is a new opening and potentiality to also begin one's cosmic ascension process This has never before been available It must be understood as Vywamus has said that in completing our planetary ascension we are no more than one tenth of the way up a ten inch ruler in terms of our cosmic ascension process This includes most of the ascended masters We on Earth who are working to complete our seven levels of initiation must remember that there are 352 levels of initiation to return to the godhead of Father Mother God at the top of creation Most of the Ascended Masters of the entire Spiritual Hierarchy are not beyond the 12th initiation This is not a criticism just a simple statement of fact The question is What lies beyond the next nine tenths of the ruler and how do we achieve our cosmic ascension as well as our planetary ascension which is no small feat in and of itself It is for this purpose that the author was guided to write this book

Beyond Ascension Joshua David Stone, 1996-12-12 This book brings forth incredible new channeled material that completely demystifies the seven levels of initiation and how to attain them It contains revolutionary new information on how to anchor and open our thirty six chakras and how to build our light quotient at a rate of speed never dreamed possible The book includes a chapter on cosmic ascension and a unique cosmic map that outlines the process of planetary ascension The map also charts the course for full cosmic ascension through the seven cosmic planes and forty eight dimensions of reality back to the Godhead and undifferentiated Source *Complete Ascension Index* Joshua David Stone, 2002-11-01 This companion volume to the groundbreaking Encyclopedia of the Spiritual Path series will allow you easier access to the techniques and wisdom of Dr Joshua David Stone *The Bible Revealed From The Ascended Masters' Perspective* Joshua Stone, 2001-08-26 This book is a compilation of the best chapters in my 40 volume Ascension Book Series on the Ascended

Lest We Lose Love Scherto Gill, 2023-04-18 Few are aware that since antiquity there has always been the philosophy of love at the core of Western culture It articulates what makes life meaningful and worthwhile and how we can live a good life together through an ethic of love This book fills this significant gap not only reconnecting the reader with such important wisdom and more crucially also reorienting our socio economic institutions and collective actions towards more loving and caring and more concerned with the qualities of our lived experiences By re-discovering the gifts of love we may challenge the existing systemic dehumanisation and draw from knowledge and understanding already present in our culture This is timely because the global crises we are facing are catastrophic especially when it comes to climate change Therefore we must respond from a place of love rather than fear Whether it is reducing the use of fossil fuels lowering greenhouse emission choosing the right food to eat or advocating for structural transformation our concerted endeavours start with an appropriate appreciation of the nature of our well being which includes the planet s well ness This book highlights a clear pathway forward to ensure collective healing and co flourishing with nature we must practise the art of loving
