Ascent To Heaven In Jewish And Christian Apocalypses:

Ascent to Heaven in Jewish and Christian Apocalypses Martha Himmelfarb, 1993 This is a comparative study of the ancient Jewish and Christian views of the ascent into heaven It places the ascent narratives in their cultural and historical context and explores their relationship to the canonical apocalypses and to other Graeco Roman literature of ascent and divinization

Ascent to Heaven in Jewish and Christian Apocalypses Martha Himmelfarb, 1993-08-19 This is a study of the ancient Jewish and Christian apocalypses involving ascent into heaven which have received little scholarly attention in comparison to apocalypses concerned primarily with the end of the world Recent developments like the publication of the Aramaic Enoch fragments from Qumran and interest in questions of genre in the study of the apocalypses make this a particularly appropriate time to undertake this study Martha Himmelfarb places the apocalypses in relation to both their biblical antecedents and their context in the Greco Roman world Her analysis emphasizes the emergence of the understanding of heaven as temple in the Book of the Watchers the earliest of these apocalypses and the way in which this understanding affects the depiction of the culmination of ascent the hero's achievement of a place among the angels in the ascent apocalypses generally It also considers the place of secrets of nature and primeval history in these works Finally it offers an interpretation of the pseudepigraphy of the apocalypses and their function

The Heavenly Book Motif in Judeo-Christian Apocalypses 200 BCE-200 CE Leslie Baynes, 2012 The first full length analysis of the heavenly book motif in English this study highlights a vital element of early Jewish and Christian apocalyptic literature Through multiple intertextual readings it demonstrates that for the ancients heavenly writing had life or death consequences

Apocalypticism and Mysticism in Ancient Judaism and Early Christianity John J. Collins, Pieter G. R. Villiers, Adela Yarbro Collins, 2018-09-24 The nature and origin of Jewish mysticism is a controversial subject This volume explores the subject by examining both the Hebrew and Aramaic tradition Dead Sea Scrolls 1 Enoch and the Greek philosophical tradition Philo and also examines the Christian transformation of Jewish mysticism in Paul and Revelation It provides for a nuanced treatment that differentiates different strands of thought that may be considered mystical The Hebrew tradition is mythical in nature and concerned with various ways of being in the presence of God The Greek tradition allows for a greater degree of unification and participation in the divine The New Testament texts are generally closer to the Greek tradition although Greek philosophy would have a huge effect on later Christian mysticism The book is intended for scholars and advanced students of ancient Judaism and early Christianity

Apocalypse, Prophecy, and Pseudepigraphy John J. Collins, 2015 A highly regarded expert on the Jewish apocalyptic tradition John J Collins has written extensively on the subject Nineteen of his essays written over the last fifteen years including previously unpublished contributions are brought together for the first time in this volume Its thematic essays organized in five sections Apocalypse Prophecy and Pseudepigraphy complements and enriches Collins's well known book The Apocalyptic Imagination

Gregory of Nyssa's Tabernacle Imagery in Its

Jewish and Christian Contexts Ann Conway-Jones, 2014 Intergrating patristics and early Jewish mysticism this book examines Gregory of Nyssa's tabernacle imagery as found in *Life of Moses* 2:170-201. Previous scholarship has often focused on Gregory's interpretation of the darkness on Mount Sinai as divine incomprehensibility. However, true to Exodus, Gregory continues with Moses's vision of the tabernacle not made with hands received within that darkness. This innovative methodology of heuristic comparison doesn't strive to prove influence but to use heavenly ascent texts as a foil in order to shed new light on Gregory's imagery. Ann Conway Jones presents a well-rounded nuanced understanding of Gregory's exegesis in which mysticism, theology, and politics are intertwined. Heavenly ascent texts use descriptions of religious experience to claim authoritative knowledge. For Gregory, the high point of Moses's ascent into the darkness of Mount Sinai is the mystery of Christian doctrine. The heavenly tabernacle is a type of the heavenly Christ. This mystery is beyond intellectual comprehension; it can only be grasped by faith, and only the select few destined for positions of responsibility should even attempt to do so.

The Greek Apocalypse of Baruch (3 Baruch) in Hellenistic Judaism and Early Christianity Daniel C. Harlow, 2023-08-14 This volume represents the first comprehensive study of the Greek Apocalypse of Baruch (3 Baruch), one of the most neglected of the Old Testament Pseudepigrapha. Harlow discusses such introductory issues as text, genre, setting, and function. He carefully examines the chief critical issues in the study of this fascinating document, including the literary integrity of the work and its original Jewish or Christian authorship. He then proceeds to offer an interpretation of 3 Baruch as both a Jewish and Christian text. His study succeeds in situating 3 Baruch within post-70 Hellenistic Judaism and in clarifying the early Christian interest in adapting, editing, and transmitting the work. This study is illuminating. **"The Kingdom of God is at Hand"**

Rolf J. Pöhler, Kerstin Maiwald, 2025-08-28 *The Kingdom of God is at Hand* Adventist Interpretations of Biblical Apocalypticism offers nineteen papers presented at the 4th International Symposium of the Institute of Adventist Studies at Friedensau Adventist University, Germany, April 26-29, 2021. The contributions represent current Adventist scholarship from four continents: Europe, North America, Africa, and Australia. Well-versed in their fields and knowledgeable about their subjects, the authors are dealing with Christian apocalypticism from biblical, historical, theological, and practical perspectives. Originating from the 19th-century Millerite movement, Seventh-day Adventism is deeply affected by apocalyptic thinking. By looking at the Adventist faith tradition from a scholarly point of view, this volume hopes to contribute to an apt assessment of apocalyptic eschatology.

Greco-Roman Culture and the New Testament David Edward Aune, Frederick Brenk, 2012-03-20 Focusing on a strength of the faculty of the Pontifical Biblical Institute, this volume is a collection of nine essays by an international group of scholars who have used texts from the Greco-Roman world to illuminate various aspects of the New Testament.

Temple of Presence Andrea L. Robinson, 2019-01-11 In Revelation 21:22, John offered a resplendent portrayal of a new Jerusalem without a temple, in which he seemed to reference the final chapters of Ezekiel. The puzzling issue for interpreters is why John chose to utilize Ezekiel's temple vision if he wanted to dispense with

the temple Andrea Robinson delves into the complex relationship between these two visions of heaven and earth examining parallels between Revelation 21 22 and Ezekiel 40 48 In the process Robinson also explores a variety of apocalyptic works from the Second Temple period to determine the tenor of thought in regard to the concepts of the temple and the messiah in John s day Ultimately she helps readers understand how John utilizes Ezekiel s imagery to portray Jesus Christ as the eschatological temple the place where heaven and earth unite By uncovering how original hearers would have understood John s visions Robinson s insightful study helps modern readers appropriate the same hope of a glorious future with the Messiah

Between Temple and Torah Martha Himmelfarb, 2013 This volume contains articles by Martha Himmelfarb on topics in Second Temple Judaism and the development and reception of Second Temple traditions in late antiquity and the Middle Ages The section on Priests Temples and Torah addresses the themes of its title in texts from the Bible to the Mishnah Purity in the Dead Sea Scrolls contains articles analyzing the intensification of the biblical purity laws particularly the laws for genital discharge in the major legal documents from the Scrolls In Judaism and Hellenism the author explores the relationship between these two ancient cultures by examining the ancient and modern historiography of the Maccabean Revolt and the role of the Torah in ancient Jewish adaptations of Greek culture The last two sections of the volume follow texts and traditions of the Second Temple period into late antiquity and the Middle Ages The articles in Heavenly Ascent consider the relationship between the ascent apocalypses of the Second Temple period and later works involving heavenly ascent particularly the hekhalot texts In the final section The Pseudepigrapha and Medieval Jewish Literature Himmelfarb investigates evidence for knowledge of works of the Second Temple period by medieval Jews with consideration of the channels by which the works might have reached these later readers

The Corinthian Correspondence Reimund Bieringer, 1996

Jewish-Christianity and the History of Judaism Annette Yoshiko Reed, 2018-07-12 Jewish Christianity is a contested category in current research But for precisely this reason it may offer a powerful lens through which to rethink the history of Jewish Christian relations Traditionally Jewish Christianity has been studied as part of the origins and early diversity of Christianity Collecting revised versions of previously published articles together with new materials Annette Yoshiko Reed reconsiders Jewish Christianity in the context of Late Antiquity and in conversation with Jewish studies She brings further attention to understudied texts and traditions from Late Antiquity that do not fit neatly into present day notions of Christianity as distinct from Judaism In the process she uses these materials to probe the power and limits of our modern assumptions about religion and identity

Angelomorphic Christology Gieschen, 2018-07-17 This study demonstrates that angel and angel related traditions especially those growing from the so called Angel of the Lord in the Hebrew Bible had a significant impact on the origins and early development of Christology to the point that an Angelomorphic Christology is discernable in several first century texts Significant effort is given to tracing the antecedents of this Christology in the angels and divine hypostases of the Hebrew Bible and Second Temple Jewish literature The primary

content of this volume is the presentation of pre 150 CE textual evidence of Angelomorphic Christology This religio historical study does not spawn a new Christology among the many scholarly Christologies already extant Instead it shows the interrelationship of various Christological trajectories and their adaptation from Jewish angelomorphic traditions The Reality of Apocalypse David L. Barr,2006 Far from spinning a fantasy of what will never be the book of Revelation depicts an alternate social world in order to shape the community and individual identity of an audience living under imperial rule To highlight the Apocalypse s meaning for its original audience this volume focuses on two interrelated themes pulsing throughout Revelation rhetoric and politics It considers rhetorical strategies and tactics in Revelation and demonstrates how its rhetoric fits the situation in Roman Asia Minor and the struggle within the Apocalypse community It also examines community and cultural conflicts showing how myth symbol and liturgy function as means of resistance in an imperial setting By offering a fresh window on the lively interplay between imagination and history between words and worlds this volume will be indispensable for anyone seeking to understand current scholarly analysis of the book of Revelation

The Post-Mortem Vindication of Jesus in the Sayings Gospel Q Daniel A. Smith,2007-01-06 Q 13 34 35 the Jerusalem Logion aligns the rejection of the speaker by Jerusalem both with the abandonment of Jerusalem s house and with the future invisibility and return of the speaker You will not see me until you say Blessed is the Coming One in the name of the Lord 13 35b The coincidence of not seeing language with a reference to a future coming is reminiscent of the connection in Jewish literature especially between the assumption and eschatological function The book proposes that this reference to Jesus assumption is a clue to how Q conceives of the post mortem vindication of Jesus since numerous Q sayings presuppose a knowledge of Jesus death In support of this the book argues that in Hellenistic Jewish writings assumption was not always considered to be an escape from death as in the biblical instances of Enoch and Elijah but could happen at or after death as was more clearly the case in Greek thought Such a strategy of vindication is necessary for Q because it evidences a belief in Jesus ongoing existence and future return as the Son of Man and because resurrection though a feature of Q s eschatology is not individually applied to Jesus A similar view is presupposed by the pre Markan empty tomb tradition which describes the disappearance of Jesus body but narrates neither the resurrection itself nor an appearance of the risen Jesus The book also draws out implications of the thesis for the place of the Sayings Gospel Q within the early Christian movements particularly vis vis the vindication of Jesus
