Newhall,1997 Beneath the Ashes Howard Shernoff,David Shernoff,1991 BENEATH THE ASHES portrays the human condition that resulted from the unprecedented natural disaster caused by the eruption of Mount Pinatubo in the Philippines during the summer of 1991 It is a handsome high quality book containing photographs text which together capture the daily struggle of lives transformed by the power of nature The full page color images are accompanied by eloquently written narration verse which transcend the facts to relate a first hand account of the Filipinos strength abiding faith It is the only serious document of an ongoing tragedy among the greatest natural disasters of the 20th century Co authored by two brothers one an accomplished photographer the other an accomplished writer educator it is a non profit publication with all net proceeds being donated to recovery efforts in the Philippines RALPH NADER calls it a collaboration worth emulating on a small large scale in our society The color pictures portray the devastation the flight of families the poignant way children their parents adapt the heroic behavior that rises from these ashes BENEATH THE ASHES combines photography poetry history geology philanthropy to make it a publication with wide appeal Lahars of Mount Pinatubo, Philippines Christopher G. Newhall,1997 Volcanic Ash and Aviation Safety Thomas J. Casadevall,1994 **The Ash Warriors** C. R. Anderegg,2000 In November 1991 the American flag was lowered for the last time at Clark Air Base in the Philippines This act brought to an end American military presence in the Philippines that extended back over 90 years It also represented the final act in a drama that began with the initial rumblings in April of that year of the Mount Pinatubo volcano located about 9 miles to the east of Clark The following pages tell the remarkable story of the men and women of the Clark community and their ordeal in planning for and carrying out their evacuation from Clark in the face of impending volcanic activity It documents the actions of those who remained on the base during a series of eruptions and the packing out of the base during subsequent months This is the story of the Ash Warriors those Air Force men and women who carried out their mission in the face of an incredible series of natural disasters including volcanic eruption flood typhoons and earthquakes all of which plagued Clark

and the surrounding areas during June and July 1991 The author of The Ash Warriors knew the situation first hand Colonel Dick Anderegg was the vice commander of the 3rd Tactical Fighter Wing when the volcano erupted and he was at Clark throughout the evacuation and standing down of the base He brought his own personal experience to bear in writing this story He also conducted extensive research in the archives of the Pacific Air Forces and Thirteenth Air Force utilized scores of interviews of those who witnessed and participated in the events and visited Clark in 1998 to see in person how the installation had changed in the 8 years since the Americans left This story is one of courage resourcefulness and dedication to duty on the part of Air Force men and women called upon to respond to one of the great natural disasters of the 20th Century As the following pages reveal the Ash Warriors were up to the challenge in every respect **The Ash Warriors** C.
